Background

Section 326 of Title 23 U.S. Code, creates a program that allows the Secretary of the DOT (Secretary), to assign, and a State to assume, responsibility for determining whether certain highway projects are included within classes of action that are categorically excluded (CE) from requirements for environmental assessments or environmental impact statements pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4321 *et seq.* (NEPA). In addition, this program allows the assignment of other environmental review requirements applicable to Federal highway projects. The FHWA is authorized to act on behalf of the Secretary with respect to these matters.

FHWA would execute Arizona's participation in this program through an MOU. Statewide decision-making responsibility would be assigned for all activities within the categories listed in 23 CFR 771.117(c) and those listed as examples in 23 CFR 771.117(d), and any activities added through FHWA rulemaking to those listed in 23 CFR 771.117(c) or example activities listed in 23 CFR 771.117(d) after the date of the execution of this MOU. In addition to the NEPA CE determination responsibilities, the

MOU would assign to the State the responsibility for conducting Federal environmental review, consultation, and other related activities for projects that are subject to the MOU with respect to the following Federal laws and Executive Orders:

The FHWA will retain responsibility for conducting formal government-to-government consultation with federally recognized Indian tribes, which is required under some of the above-listed laws and executive orders. The State also may assist the FHWA with formal consultations, with consent of a tribe, but the FHWA remains responsible for the consultation.

This assignment includes transfer to the State of Arizona the obligation to fulfill the assigned environmental responsibilities on any proposed projects meeting the criteria in Stipulation I(B) of the MOU that were determined to be CEs prior to the effective date of the proposed MOU but that have not been completed as of the effective date of the MOU.

The FHWA will consider the comments submitted on the proposed MOU when making its decision on whether to execute this MOU. The FHWA will make the final, executed MOU publicly available.
