### **Background**

On September 12, 2017, DOT released *Automated Driving Systems 2.0: A Vision for Safety* and requested public comment. NHTSA has issued 2.0 as the next step on the path forward for the safe testing and deployment of ADSs. Together, the Voluntary Guidance for ADS and Technical Assistance to States serve to support industry, Government officials, safety advocates, and the public. By replacing the Federal Automated Vehicles Policy, 2.0 responds to public comments, continues the voluntary guidance framework, and assures industry, the States, and the public that the Agency will remain a leader in innovation and safety. The full *Automated Driving Systems 2.0: A Vision for Safety* can be found at [www.nhtsa.transportation.gov/av](http://www.nhtsa.transportation.gov/av).

### **Meeting and Draft Agenda**

As appropriate, NHTSA will post clarification information on the NHTSA website in the Frequently Asked Questions section. The meeting agenda follows:
