SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Federal Employees' Compensation Act (FECA) Medical Reports and Compensation Claims information collection. Forms within this collection are used to file claims for wage loss or permanent impairment due to a Federal employment-related injury and to obtain necessary medical documentation to determine whether a claimant is entitled to benefits under the FECA. This information collection has been classified as a revision, because the agency is clarifying questions related to tetanus, incorporating new guidance forms, and clarifying other questions and disclosures to ensure respondents understand what information is needed and what assistance and benefits are available. This information collection is authorized under 5 U.S.C. 8102.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0046. The current approval is scheduled to expire on January 31, 2018; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notices published in the *Federal Register* on April 6, 2017 (82 FR 16858) and August 3, 2017 (82 FR 36159).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the *Federal Register*. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240-0046.

The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
