**Evaluation of Hydropower Projects: Chapter 11 – Arch Dams and Request  
for Comments**

The staff of the Office of Energy Projects (OEP) is revising Chapter 11 – Arch Dams of its *Engineering Guidelines for the Evaluation of Hydropower Projects*. The staff has revised Chapter 11 – Arch Dams<sup>1</sup> and comments are now requested on the draft document from federal and state agencies, licensees whose infrastructure portfolio includes arch dams, independent consultants and inspectors, and other interested parties with special expertise with respect dam safety and arch dams. **A 60-day public comment period is allotted to collect comments. Please note that this comment period will close on February 5, 2018.**

Interested parties can help us determine the appropriate updates and improvements by providing: meaningful comments or suggestions that focus on the specific sections requiring clarification; updates to reflect current laws and regulations; or improved measures for evaluating the safety of arch dams. The more specific your comments, the more useful they will be. A detailed explanation of your submissions and/or any references of scientific studies associated with your comments will greatly help us with this process. We will consider all timely comments on the revised *Guidelines* before issuing the final version.

For your convenience, there are three methods which you can use to submit your comments to the Commission. In all instances please reference the docket number (AD18-6-000) on the first page of your submission. The Commission strongly encourages electronic filing.

The OEP staff provided copies of revised Chapter 11 – Arch Dams to federal and state agencies, licensees whose portfolio includes arch dams, independent consultants and inspectors, and other interested parties. In addition, all information related to the proposed updates to Chapter 11 – Arch Dams and submitted comments can be found on the FERC website ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. Click on the eLibrary link, click on General Search and enter the docket number, excluding the last three digits in the Docket Number field (i.e., AD18-6). Be sure you have selected an appropriate date range. The Commission also offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with electronic notification of these filings and direct links to the documents. Go to [www.ferc.gov/docs-filing/esubscription.asp](http://www.ferc.gov/docs-filing/esubscription.asp). Users must be registered in order to use eSubscription.
