SUPPLEMENTARY INFORMATION:

Title: Common or Usual Name for Raw Meat and Poultry Products Containing Added Solutions.

OMB Number: 0583-0152.

Expiration Date of Approval: 05/31/2018.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, et seq.), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, et seq.), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, et seq.). FSIS protects the public by verifying that meat, poultry, and egg products are safe, wholesome, not adulterated, and correctly labeled and packaged.

FSIS is requesting renewal of an approved information collection regarding labeling requirements for raw meat and poultry products that do not meet standard of identity regulations and to which solutions have been added. There are no changes to the existing information collection. The approval for this information collection will expire on May 31, 2018.

FSIS requires establishments that manufacture products containing added solutions to provide an accurate description of the raw meat or poultry component, the percentage of added solution incorporated into the raw meat or poultry product, and the individual ingredients or multi-ingredient components in the solution listed in the descending order of predominance by weight on the product label. FSIS also requires that the print for all words in the common or usual name appear in a single font size, color, and style of print and that the name appear on a single-color contrasting background.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: FSIS estimates that it will take each respondent 75 minutes per response to comply with the product labeling requirements.

Respondents: Official establishments, retail stores, and foreign firms.

Estimated Number of Respondents: 6,100.

Estimated Number of Responses per Respondent: 8.

Estimated Total Annual Burden on Respondents: 61,000 hours.

Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food

Safety and Inspection Service, USDA, 1400 Independence, SW, Room 6077, South Building, Washington, DC 20250, (202) 690-6510.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

### Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this Federal Register publication on-line through the FSIS Web page located at: <http://www.fsis.usda.gov/federal-register>.

FSIS also will make copies of this publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, Federal Register notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The Update is available on the FSIS Web page. Through the Web page, FSIS is able to provide information to a much broader, more diverse audience. In addition, FSIS offers an e-mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <http://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.
