[Docket No. FSIS-2017-0051]

Notice of Request for Revision of an Approved Information Collection (Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery)

AGENCY: Food Safety and Inspection Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and Office of Management and Budget (OMB) regulations, the Food Safety and Inspection Service (FSIS) is announcing its intention to request a renewal of the approved information collection regarding qualitative customer and stakeholder feedback on service delivery by the Food Safety and Inspection Service. There are no changes to the existing information collection; however, the Agency has reduced the burden estimate by 8,000 hours for upcoming qualitative surveys and food safety education research. The approval for this information collection will expire on May 31, 2018.

DATES: Submit comments on or before [INSERT DATE 60 DAYS AFTER PUBLICATION IN THE FEDERAL REGISTER].

ADDRESSES: FSIS invites interested persons to submit comments on this information collection. Comments may be

submitted by one of the following methods:

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Number: 0583-0151.

Expiration Date of Approval: 05/31/2018.

Type of Request: Revision of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, et seq.), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, et seq.), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, et seq.). FSIS protects the public by verifying that meat, poultry, and egg products are safe, wholesome, not adulterated, and correctly labeled and packaged.

FSIS is requesting a revision of the approved information collection regarding qualitative customer and stakeholder feedback on service delivery by the Food Safety and Inspection Service. There are no changes to the existing

information collection; however, the Agency has reduced the burden estimate by 8,000 hours for upcoming qualitative surveys and food safety education research. The approval for this information collection will expire on May 31, 2018.

The proposed information collection activity provides a means for the Food Safety and Inspection Service (FSIS) to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Agency's commitment to improving service delivery.

By "qualitative feedback," we mean information that provides useful insights on perceptions and opinions, but not a statistical survey that yields quantitative results that can be generalized to the population studied. Qualitative feedback provides insights into customer or stakeholder perceptions, experiences, and expectations; provides an early warning of issues with the Agency's customer service; and focuses attention on matters with respect to which communication, training, or changes in operations might improve delivery of products or services. This collection will allow for ongoing, collaborative, and actionable communications between the Agency and its customers and stakeholders. It will also allow the feedback to contribute directly to the improvement of program management.

The solicitation of qualitative feedback will target topics such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

FSIS will only submit a collection for approval under this generic clearance if it meets the following conditions:

The collection is voluntary;

The collection is low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and is low-cost for both the respondents and the Federal Government;

The collection is non-controversial and does not raise issues of concern to other Federal agencies;

The collection is targeted to the solicitation of opinions from respondents who have had experience with the program, or who may have experience with the program in the near future;

Personally identifiable information (PII) is collected

only to the extent necessary and is not retained; as a general matter, this information collection will not result in any new system of records containing privacy information and will not involve questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, or other matters that are commonly considered private;

Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of FSIS (if released, FSIS will indicate the qualitative nature of the information);

Information gathered will not be used for the purpose of substantially informing policy decisions; and

Information gathered will yield qualitative information; the collection will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance.

Estimate of burden: The public reporting burden for this collection of information is estimated to average .5 hours per response.

Respondents: Individuals and households; businesses and organizations; State, local, or Tribal government.

Estimated annual number of respondents: 4,000.

Estimated annual number of responses per respondent: 1.

Estimated annual number of responses: 4,000.

Estimated total annual burden on respondents: 2,000 hours.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence, SW, 6065, South Building, Washington, DC 20250; (202)720-5627.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS's functions, including whether the information will have practical utility; (b) the accuracy of FSIS's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility,

and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20253.

Responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

#### Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this Federal Register publication on-line through the FSIS Web page located at:

<http://www.fsis.usda.gov/federal-register>.

FSIS also will make copies of this publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, Federal Register notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The Update

is available on the FSIS Web page. Through the Web page, FSIS is able to provide information to a much broader, more diverse audience. In addition, FSIS offers an e-mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at:

<http://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.
