Columbia Gas Transmission, LLC; Notice of Request Under Blanket Authorization

Take notice that on December 8, 2017, Columbia Gas Transmission, LLC (Columbia), 700 Louisiana Street, Suite 700, Houston, Texas 77002-2700, filed in Docket No. CP18-25-000 a prior notice request pursuant to sections 157.205 and 157.213(b) of the Commission's regulations under the Natural Gas Act (NGA), as amended, requesting authorization to construct and operate one new horizontal storage well (Donegal Storage Well 12618), approximately 703 feet of eight-inch-diameter of related pipeline, and appurtenances at its existing Donegal Storage Field in Washington County, Pennsylvania. Columbia proposes to construct Donegal Storage Well 12618 in lieu of multiple well recompletions and stimulations. Columbia states that Donegal Storage Well 12618 could provide 15 million cubic feet per day or more during a design flow day, dependent on certain parameters. Columbia estimates the cost of the project to be approximately \$3,300,000. Columbia avers that there will be no change in the certificated physical parameters of the Donegal Storage Field, including maximum reservoir pressure, reservoir and buffer boundaries, and certificated storage capacity as a result of the proposal, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document.
