Certain Crystalline Silicon Photovoltaic Products from Taiwan: Amended Preliminary Results and Preliminary Determination of No Shipments

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: The Department of Commerce (Commerce) is amending the preliminary results of the administrative review of the antidumping duty order on certain crystalline silicon photovoltaic products (solar products) from Taiwan covering the period of review (POR) February 1, 2016, through January 31, 2017.

DATES: (Insert date of publication in the Federal Register).

SUPPLEMENTARY INFORMATION:

Background

On April 10, 2017, Commerce published a notice initiating an antidumping administrative review of solar products from Taiwan covering 34 companies for the POR.1 On December 20, 2017, Commerce published the preliminary results of antidumping duty administrative review and partial rescission of antidumping duty administrative review.2 In this

notice, Commerce stated incorrectly that 23 of the 34 companies listed in the *Initiation Notice* had withdrawn their requests for administrative review, pursuant to 19 CFR 351.213(d)(1). Actually, neither petitioner nor any of the 23 companies had withdrawn requests for administrative review. Thus, all 23 companies remain under review.

**Preliminary Determination of No Shipments**

Of the 23 companies at issue, 14 companies filed timely statements reporting that they made no shipments of subject merchandise to the United States during the POR. Based on the certifications submitted by these companies and our analysis of U.S. Customs and Border Protection (CBP) information, we preliminarily determine that these 14 companies had no shipments during the POR. Given that these companies certified that they made no shipments of subject merchandise to the United States during the POR, and there is no information calling their claims into question, we preliminarily determine that these companies did not have any reviewable transactions during the POR. Commerce will issue a no-shipment inquiry to CBP.

---

requesting that it review these no-shipment claims. Consistent with Commerce’s practice, we will not rescind the review, but, rather, will complete the review and issue instructions to CBP based on the final results.\textsuperscript{6}

Rate for Companies Not Individually Examined

Of the 23 companies at issue, the remaining nine are non-selected respondents. Consistent with our preliminary results and Commerce’s practice, we preliminarily assign to these nine companies the Motech Industries Inc.\textsuperscript{7} preliminary rate of 1.07 percent. See table below.
