Abstract of proposed collection:

DDTC regulates the export and temporary import of defense articles and services enumerated on the USML in accordance with the Arms Export Control Act (AECA) (22 USC 2751 *et seq.*) and the International Traffic in Arms Regulations (ITAR) (22 CFR Parts 120-130). In accordance with ITAR § 124.1, any person who intends to furnish defense services or technical data to a foreign person must submit a proposed technical assistance, manufacturing, or distribution license agreement and obtain prior authorization from DDTC for such agreement. Amendments to existing agreements must also be submitted for approval. The electronic mechanism utilized for submitting, reviewing, and approving agreement proposals is the Defense Trade Application Systems (DTAS). Specifically, this process utilizes the DSP-5 license application as the primary instrument or “vehicle” for transmitting agreements and their respective amendments from one phase of the adjudication process to the next.

Methodology:

Respondents will submit information as attachments to relevant license applications or requests for other approval.

Anthony M. Dearth,
Chief of Staff (Acting),
Directorate of Defense Trade Controls,
