At the end of the comment period, the comments and recommendations received will be analyzed to determine the extent to which the Federal Reserve should modify the proposal prior to giving final approval.

### **Proposal to approve under OMB delegated authority the extension for three years, without revision, of the following report(s):**

*Report title:* 2019 Survey of Consumer Finances (SCF).

*Agency form number:* FR 3059.

*OMB control number:* 7100-0287.

*Frequency:* One-time survey.

*Respondents:* U.S. families.

*Estimated number of respondents:* Pretest, 150; and Main survey, 7,000.

*Estimated average hours per response:* Pretest, 90 minutes; and Main survey, 90 minutes.

*Estimated annual burden hours:* Pretest: 225 hours and Main survey: 10,500 hours.

*General description of report:* This would be the thirteenth triennial SCF since 1983, the beginning of the current series. This survey is the only source of representative information on the structure of U.S. families' finances. The survey would collect data on the assets, debts, income, work history, pension rights, use of financial services, and attitudes of a sample of U.S. families. Because the ownership of some assets is relatively concentrated in a small number of families, the survey would make a special effort to ensure proper representation of such assets by systematically oversampling wealthier families.

*Legal authorization and confidentiality:* Section 2A of the Federal Reserve Act (FRA) requires that the Board and the Federal Open Market Committee (FOMC) maintain long run growth of the monetary and credit aggregates commensurate with the economy's long run potential to increase production, so as to promote effectively the goals of maximum employment, stable prices, and moderate long-term interest rates (12 U.S.C. 225a). In addition, under section 12A of the FRA, the FOMC is required to implement regulations relating to the open market operations conducted by Federal Reserve Banks. Those transactions must be governed with a view to accommodating commerce and business and with regard to their bearing upon the general credit situation of the country (12 U.S.C. 263). The Board and the FOMC use the information obtained from the FR 3059 to help fulfill these obligations. The FR 3059 is a voluntary survey. The information collected on the FR 3059 is exempt from disclosure in identifiable form under exemption 6 of the Freedom of Information Act, which protects information that the disclosure

of which would constitute an unwarranted invasion of personal privacy of individuals involved (5 U.S.C. 552(b)(6)).

*Consultation outside the agency:* The final survey questionnaire would be developed jointly by the Board and the contractor. The contractor would conduct the interviews for this survey.

The data to support the part of the survey sample selected by the Board would be provided by the Statistics of Income Division (SOI) of the Internal Revenue Service under a contract that allows this use of the data as well as other more limited uses of the data for statistical adjustments to the final data and related purposes. As in past SCFs, the sample selection and survey administration would be managed so that the Board would not be given any names of survey participants; SOI would not be given data to link survey responses with tax records; and the contractor would not be given income data derived from the tax returns.

Board of Governors of the Federal Reserve System, March 12, 2018.

**Ann E. Misback,**

*Secretary of the Board.*
