Public Land Order No. 7866; Partial Withdrawal Revocation, Power Site

Classification Nos 56 and 351; Colorado

AGENCY: Bureau of Land Management, Interior.

ACTION: Public Land Order.

SUMMARY: This Order partially revokes a withdrawal created by Secretarial Orders dated June 30, 1923 and March 14, 1944, which established Power Site Classification Nos. 56 and 351, insofar as they affect 49.18 acres of National Forest System lands. This Order opens the lands to such uses as may be made of National Forest System lands subject to valid existing rights, the provisions of existing withdrawals, other segregations of record, and the requirements of applicable law.

DATE: This Public Land Order is effective on [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

SUPPLEMENTAL INFORMATION: The United States Forest Service requested partial revocation affecting portions of withdrawn lands classified for potential power site development. The Bureau of Land Management, in consultation with the Federal Energy Regulatory Commission (FERC), determined that the interests of the United States would not be injured by conveyance of the land out of Federal ownership. This Order opens the lands within PSC No. 56 to such uses as may be made of National Forest System lands subject to a Section 24 Federal Power Act reservation, and opens the lands within PSC No. 351 to such uses as may be made of National Forest System lands.
