**Abstract:** The Forest Service is authorized to implement the Community Forest and Open Space Program (CFP) under Section 8003 of the Food, Conservation, and Energy Act of 2008 (Public Law 110-246; 122 Stat. 2043; 7 U.S.C. 8701), which amends the Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2103d). The purpose of the Community Forest Program is to achieve community benefits through grants to local governments, Tribal Governments, and qualified nonprofit organizations to establish community forests by acquiring and protecting private forestlands. The information requirements will be used to help the Forest Service in the following areas: (1) to determine that the applicant is eligible to receive funds under the program, (2) to determine if the proposal meets the qualifications in the law and regulations, (3) to evaluate and rank the proposals based on a standard, consistent information; and (4) to determine if the projects costs are allowable and sufficient cost share is provided.

Local governmental entities, Tribal Governments, and qualified nonprofit organizations are the only entities eligible for the program, and therefore are the only organizations from which information will be collected.

The information collection currently required for a request for proposals and grant application is approved and has been assigned the OMB Control No. 0596-0227.
