**DEPARTMENT OF ENERGY**

[FE Docket No. 18-78-LNG]

**Corpus Christi Liquefaction Stage III, LLC; Application for Long-Term Authorization to Export Liquefied Natural Gas to Non-Free Trade Agreement Nations**

**AGENCY:** Office of Fossil Energy, DOE.

**ACTION:** Notice of application.

**SUMMARY:** The Office of Fossil Energy (FE) of the Department of Energy (DOE) gives notice of receipt of an application (Application), filed on June 29, 2018, by Corpus Christi Liquefaction Stage III, LLC (CCL Stage III), a wholly owned subsidiary of Cheniere Energy, Inc. The Application requests long-term, multi-contract authorization to export domestically produced liquefied natural gas (LNG) in a volume equivalent to 582.14 billion cubic feet (Bcf) per year (Bcf/yr) of natural gas (1.59 Bcf per day). CCL Stage III seeks to export this LNG from the proposed natural gas liquefaction and export facilities (Stage 3 LNG Facilities) associated with the Stage 3 Project at the existing Corpus Christi LNG Terminal in San Patricio and Nueces Counties, Texas. CCL Stage III requests authorization to export this LNG to any country with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas, and with which trade is not prohibited by U.S. law or policy (non-FTA countries). CCL Stage III notes that, in DOE/FE Order No. 3638, DOE previously authorized the export of LNG from the Corpus Christi LNG Terminal by its affiliates—Corpus Christi Liquefaction, LLC and Cheniere Marketing, LLC—to non-FTA countries in a volume equivalent to 767 Bcf/yr of LNG. CCL Stage III seeks to export the requested volume of LNG

on its own behalf and as agent for other entities who hold title to the natural gas at the time of export. CCL Stage III requests the authorization for a 20-year term to commence on the earlier of the date of first commercial export of LNG produced by the Stage 3 LNG Facilities or seven years from the issuance of the requested authorization. CCL Stage III filed the Application under section 3 of the Natural Gas Act (NGA). Additional details and related procedural history can be found in CCL Stage III's Application, posted on the DOE/FE website at:

<https://www.energy.gov/sites/prod/files/2018/07/f53/18-78-LNG.pdf>.

Protests, motions to intervene, notices of intervention, and written comments are invited.

**DATES:** Protests, motions to intervene or notices of intervention, as applicable, requests for additional procedures, and written comments are to be filed using procedures detailed in the

**Public Comment Procedures** section no later than 4:30 p.m., Eastern time, **[INSERT DATE**

**60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

## **SUPPLEMENTARY INFORMATION:**

### **DOE/FE Evaluation**

In the Application, CCL Stage III requests authorization to export LNG from the proposed Stage 3 LNG Facilities to both FTA countries and non-FTA countries. This Notice applies only to the portion of the Application requesting authority to export LNG to non-FTA countries pursuant to section 3(a) of the NGA, 15 U.S.C. § 717b(a). DOE/FE will review CCL Stage III's request for a FTA export authorization separately pursuant to section 3(c) of the NGA, 15 U.S.C. § 717b(c).

In reviewing CCL Stage III's request for a non-FTA authorization, DOE will consider any issues required by law or policy. DOE will consider domestic need for the natural gas, as well as any other issues determined to be appropriate, including whether the arrangement is consistent with DOE's policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. As part of this analysis,

DOE will consider one or more of the following studies examining the cumulative impacts of exporting domestically produced LNG:

- *Effect of Increased Levels of Liquefied Natural Gas on U.S. Energy Markets*, conducted by the U.S. Energy Information Administration upon DOE's request (2014 EIA LNG Export Study);<sup>1</sup>
- *The Macroeconomic Impact of Increasing U.S. LNG Exports*, conducted jointly by the Center for Energy Studies at Rice University's Baker Institute for Public Policy and Oxford Economics, on behalf of DOE (2015 LNG Export Study);<sup>2</sup> and
- *Macroeconomic Outcomes of Market Determined Levels of U.S. LNG Exports*, conducted by NERA Economic Consulting on behalf of DOE (2018 LNG Export Study).<sup>3</sup>

Additionally, DOE will consider the following environmental documents:

- *Addendum to Environmental Review Documents Concerning Exports of Natural Gas From the United States*, 79 FR 48132 (Aug. 15, 2014);<sup>4</sup> and
- *Life Cycle Greenhouse Gas Perspective on Exporting Liquefied Natural Gas from the United States*, 79 FR 32260 (June 4, 2014).<sup>5</sup>

Parties that may oppose this Application should address these issues and documents in their comments and/or protests, as well as other issues deemed relevant to the Application.

The National Environmental Policy Act (NEPA), 42 U.S.C. § 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its environmental responsibilities.

## **Public Comment Procedures**

In response to this Notice, any person may file a protest, comments, or a motion to intervene or notice of intervention, as applicable. Interested parties will be provided 60 days from the date of publication of this Notice in which to submit comments, protests, motions to intervene, or notices of intervention.

Any person wishing to become a party to the proceeding must file a motion to intervene or notice of intervention. The filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR Part 590.

Filings may be submitted using one of the following methods: (1) e-mailing the filing to [fergas@hq.doe.gov](mailto:fergas@hq.doe.gov), with FE Docket No. 18-78-LNG in the title line; (2) mailing an original and three paper copies of the filing to the Office of Regulation and International Engagement at the address listed in **ADDRESSES**; or (3) hand delivering an original and three paper copies of the filing to the Office of Regulation and International Engagement at the address listed in **ADDRESSES**. All filings must include a reference to FE Docket No. 18-78-LNG. **PLEASE NOTE:** If submitting a filing via email, please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are

filed in a timely manner. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of the filing, a digital copy on disk of the entire submission.

A decisional record on the Application will be developed through responses to this notice by parties, including the parties' written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. If an additional procedure is scheduled, notice will be provided to all parties. If no party requests additional procedures, a final Opinion and Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this notice, in accordance with 10 CFR 590.316.

The Application is available for inspection and copying in the Office of Regulation and International Engagement docket room, Room 3E-042, 1000 Independence Avenue, SW., Washington, DC 20585. The docket room is open between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays. The Application and any filed protests, motions to intervene or notice of interventions, and comments will also be available electronically by going to the following DOE/FE Web address:

<http://www.fe.doe.gov/programs/gasregulation/index.html>.

Signed in Washington, D.C., on August 7, 2018.

**Shawn Bennett,**  
Deputy Assistant Secretary,  
Office of Oil and Natural Gas.
