*ICR status:* This ICR is currently scheduled to expire on August 31, 2018. Under OMB regulations, an agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. Under PRA, 44 U.S.C. 3501 *et seq.*, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for

certain EPA regulations is consolidated in 40 CFR part 9.

*Abstract:* This ICR covers the information collection activities associated with the Agency's for allowing contractors to handle Toxic Substances Control Act (TSCA) Confidential Business Information (CBI). Certain employees of companies working under contract to EPA require access to CBI collected under the authority of TSCA in order to perform their official duties. All individuals desiring access to TSCA CBI must obtain and annually renew official clearance to access the TSCA CBI. As part of the process for obtaining TSCA CBI clearance, EPA requires certain information about the contracting company and about each contractor employee requesting TSCA CBI clearance, primarily the name, Social Security Number and EPA identification badge number of the employee, the type of TSCA CBI clearance requested, the justification for such clearance, and the signature of the employee to an agreement with respect to access to and use of TSCA CBI. This information collection applies to the reporting activities associated with contractor personnel applying for new or renewed clearance for TSCA CBI.

Responses to the collection of information are voluntary but failure to provide the requested information will prevent a contractor employee from obtaining clearance to access TSCA CBI. Respondents may claim all or part of a response confidential. EPA will disclose information that is covered by a claim of confidentiality only to the extent permitted by, and in accordance with, the procedures in TSCA section 14 and 40 CFR part 2.

*Form Numbers:* EPA Form No. 7740-06.

*Respondents/affected entities:* Entities potentially affected by this ICR are companies under contract to EPA to provide certain services, whose employees must have access to TSCA CBI to perform their duties.

*Estimated number of respondents:* 21 (total).

*Frequency of response:* Annual.

*Total estimated burden:* 341 hours (per year). Burden is defined at 5 CFR 1320.3(b).

*Total estimated cost:* \$19,305 (per year), which includes \$0 annualized capital investment or maintenance and operational costs.

*Changes in the estimates:* There is a decrease of 142 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This decrease reflects EPA's a decrease in the number of contractor employees that need TSCA CBI clearance. This change is an adjustment.
