No. FAA-2018-0062, amending Class D airspace and Class E airspace extending upward from 700 feet or more above the surface, and establishing Class E surface airspace at Choctaw Naval Outlying Field (NOLF), Milton, FL. Subsequent to publication, the FAA found that the NOTAM information listed in the legal description of the airport in Class D airspace and Class E surface airspace omitted text. This action corrects the error.

The Class D and E airspace designations listed in this document will be published subsequently in the Order.
