**[Docket No. FAA-2018-0745; Airspace Docket No. 18-ASO-15]**

**RIN 2120-AA66**

**Amendment of Class E Airspace, Mountain City, TN; and Establishment of Class E Airspace; Elizabethton, TN**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends Class E airspace extending upward from 700 feet above the surface in Mountain City, TN, to accommodate new area navigation (RNAV) global positioning system (GPS) standard instrument approach procedures serving Johnson County Airport. In addition, Class E airspace extending upward from 700 feet above the surface is established in Elizabethton, TN, to accommodate area navigation (RNAV) global positioning system (GPS) standard instrument approach procedures at Elizabethton Municipal Airport. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations at these airports.

**DATES:** Effective 0901 UTC, January 3, 2019. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

**ADDRESSES:** FAA Order 7400.11C, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at [http://www.faa.gov/air\\_traffic/publications/](http://www.faa.gov/air_traffic/publications/). For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue, SW, Washington, DC, 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11C at NARA, call (202) 741-6030, or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

**FOR FURTHER INFORMATION, CONTACT:** John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, 1701 Columbia Avenue, College Park, GA 30337; telephone (404) 305-6364.

**SUPPLEMENTARY INFORMATION:**

**Authority for this Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of

airspace. This regulation is within the scope of that authority as it amends Class E airspace at Johnson County Airport, Mountain City, TN, and establishes Class E airspace at Elizabethton Municipal, Elizabethton, TN, to support IFR operations at these airports.

## **History**

The FAA published a notice of proposed rulemaking in the **FEDERAL REGISTER** (83 FR 47577, September 20, 2018) for Docket No. FAA-2018-0745 to amend Class E airspace at Johnson County Airport, Mountain City, TN, and establish Class E airspace at Elizabethton Municipal, Elizabethton, TN, to support IFR operations at these airports.

Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005, of FAA Order 7400.11C dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR Part 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

## **Availability and Summary of Documents for Incorporation by Reference**

This document amends FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

## **The Rule**

This amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 will amend Class E airspace extending upward from 700 feet or more above the surface at Johnson County Airport, Mountain City, TN, by increasing the northeast extension to 14.4 miles (from 10.9 miles), and creating a 14-mile extension southwest of the airport, to accommodate new area navigation (RNAV) global positioning system (GPS) standard instrument approach procedures at the airport.

Additionally, Class E airspace extending upward from 700 feet above the surface is established at Elizabethton Municipal Airport, Elizabethton, TN, within a 9.5-mile radius of the airport, and within 4-miles each side of the 243° bearing from the airport, extending from the 9.5-mile radius to 15-miles southwest of the airport to accommodate RNAV (GPS) standard instrument approach procedures for IFR operations at these airports.

## **Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified

that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### **Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

### **Lists of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

### **Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

### **PART 71 --DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

**§71.1 [Amended]**

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018, is amended as follows:

Paragraph 6005. Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

\* \* \* \* \*

**ASO TN E5 Mountain City, TN [Amended]**

Johnson County Airport, TN  
(lat. 36°25'04"N., long. 81°49'31"W.)

That airspace extending upward from 700 feet above the surface within a 6.7 - mile radius of the Johnson County Airport, and within 3.2 miles each side of the 066° bearing from the airport, extending from the 6.7-mile radius to 14.4 miles northeast of the airport, and within 3.2 miles each side of the 251° bearing from the airport, extending from the 6.7-mile radius to 14-miles southwest of the airport.

**ASO TN E5 Elizabethton, TN [New]**

Elizabethton Municipal Airport, TN  
(lat. 36°22'16" N., long. 82°10'24" W.)

That airspace extending upward from 700 feet above the surface within a 9.5-mile radius of Elizabethton Municipal Airport, and within 4-miles each side of the 243° bearing from the airport, extending from the 9.5-mile radius to 15-miles southwest of the airport.

Issued in College Park, Georgia, on **November 13, 2018.**

**Matthew Cathcart,  
Acting Manager, Operations Support Group,  
Eastern Service Center, Air Traffic Organization.**
