Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Paint Stripping and Miscellaneous Surface Coating at Area Sources (40 CFR Part 63, Subpart HHHHHH) are part of the EPA Integrated Urban Strategy to reduce cancer risk from area sources under Section 112(k)(3)(C) of the Clean Air Act (CAA). These standards apply to existing and new sources that conduct paint stripping operations using methylene chloride (MeCl) -containing paint strippers, motor vehicle and mobile equipment surface coating operations, and miscellaneous surface coating operations located at area sources. New facilities include those that commenced construction, modification or reconstruction after the date of proposal. In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the

operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance with This information is being collected to assure compliance with 40 CFR Part 63, Subpart HHHHHH.

Form Numbers: None

Respondents/affected entities: Paint stripping and miscellaneous surface coating operations.

Respondent's obligation to respond: Mandatory (40 CFR Part 63, Subpart HHHHHH).

Estimated number of respondents: 39,812 (total).

Frequency of response: Initially and annually.

Total estimated burden: 169,000 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$18,500,000 (per year), which includes \$117,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is an adjustment increase in the labor hours in this ICR compared to the previous ICR. This is due to a change in assumption: this ICR assumes all existing sources will take time to re-familiarize with the regulations each year.

Director,

Regulatory Support Division.
