#### **7 CFR Parts 51 and 52**

**[Doc. No. AMS-SC-16-0106]**

### **Fresh Fruits, Vegetables and Other Products Inspection, Certification and Standards and Processed Fruits and Vegetables, Processed Products Thereof, and Certain Other Processed Food Products; Removal of Power of Attorney and Other Administrative Changes**

**AGENCY:** Agricultural Marketing Service

**ACTION:** Final rule.

**SUMMARY:** This rule modifies regulations and standards issued pursuant to the Agricultural Marketing Act of 1946 by removing references to power of attorney. Further, this rule modifies language to ensure consistency between the regulations and standards for fresh and processed fruits and vegetables. Power of Attorney is an outdated, cumbersome tool that increases the cost and record retention requirements for stakeholders when conducting business. We are making these changes to eliminate these requirements. This will allow us to provide services to our customers faster and without the financial and record retention burden. The functions of the Power of Attorney are currently done by a Supervisor or “inspector in charge”.

**DATES:** Effective [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**SUPPLEMENTARY INFORMATION:** Section 203(c) (7 U.S.C. 1622(c)) of the Agricultural Marketing Act of 1946 (7 U.S.C. 1621–1627) (Act of 1946), as amended, directs and authorizes the Secretary of Agriculture to “develop and improve standards of quality, condition, quantity, grade, and packaging, and recommend and demonstrate such standards in order to encourage uniformity and consistency in commercial practices.”

Parts 51 and 52 of title 7 of the Code of Federal Regulations specify the inspection, certification, and standard requirements for fresh and processed fruit, vegetable, and specialty crops. This action removes the current language in §§ 51.19 and 52.18 referencing power of attorney. Further, language in § 51.19(a)(3) will be added to § 52.18 and language in part 52 referencing “inspector in charge” will be added to part 51 to make the sections consistent. Power of Attorney is an outdated, cumbersome tool that increases the cost and record retention requirements for stakeholders when conducting business. We are making these changes to eliminate these requirements. This will allow us to provide services to our customers faster and without the financial and record retention burden. The functions of the Power of Attorney are currently done by a Supervisor or “inspector in charge”.

The Department of Agriculture (USDA) is issuing this rule in conformance with Executive Orders 13563, and 13175. This action falls within a category of regulatory actions that the Office of Management and Budget (OMB) exempted from Executive Order 12866 review. Additionally, because this rule does not meet the definition of a significant regulatory action, it does not trigger the requirements contained in Executive

Order 13771. See OMB's Memorandum titled "Interim Guidance Implementing Section 2 of the Executive Order of January 30, 2017, titled 'Reducing Regulation and Controlling Regulatory Costs'" (February 2, 2017).

This final rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule is not intended to have retroactive effect and does not preempt any state or local law, regulation, or policy unless it presents an irreconcilable conflict with this rule. There are no administrative procedures which must be exhausted prior to any judicial challenge to the provisions of this rule.

#### **Administrative Procedure Act and Regulatory Flexibility Act**

This final rule revises agency rules of practice and procedure. Under the Administrative Procedure Act, prior notice and opportunity for comment are not required for the revision of agency rules of practice and procedure. 5 U.S.C. 553(b)(3)(A). Only substantive rules require publication 30 days prior to their effective date. 5 U.S.C. 553(d). Therefore, this final rule is effective upon publication in the *Federal Register*.

In addition, because prior notice and opportunity for comment are not required, this final rule is exempt from the requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq.

#### **Paperwork Reduction Act**

This rule contains no information collection or recordkeeping requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

#### **E-Government Act**

AMS is committed to complying with the E-Government Act to promote the use of the internet and other information technologies, to provide increased opportunities for citizen access to Government information and services, and for other purposes.

USDA has not identified any relevant Federal rules that duplicate, overlap, or conflict with this final rule.
