**MATTERS TO BE CONSIDERED:** The panel is convening on issues relevant to NOAA's navigation services, focusing on national issues such as stakeholder use of navigation services data, sea level rise and inundation, and legislative priorities.

Navigation services include the data, products, and services provided by the NOAA programs and activities that undertake geodetic observations, gravity modeling, shoreline mapping, bathymetric mapping, hydrographic surveying, nautical charting, tide and water level observations, current observations, and marine modeling. This suite of NOAA products and services support safe and efficient navigation, resilient coasts and communities, and the nationwide positioning information infrastructure to support

America's commerce. The Panel will hear from state and federal agencies, non-federal organizations and associations, regional and national stakeholders and partners about their missions and use of NOAA's navigation services, the value these services bring, and what improvements could be made. Other administrative matters may be considered. The agenda and speakers are subject to change.

**SPECIAL ACCOMMODATIONS:** This meeting is physically accessible to people with disabilities. Please direct requests for sign language interpretation or other auxiliary aids to [Lynne.Mersfelder@noaa.gov](mailto:Lynne.Mersfelder@noaa.gov) by February 11, 2019.
