**RIN 0648-XG796**

**Fisheries of the Northeastern United States; Summer Flounder Fishery; Quota Transfer**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Temporary rule; quota transfer.

**SUMMARY:** NMFS announces that the State of North Carolina is transferring a portion of its 2019 commercial summer flounder quota to the State of New Jersey. This quota adjustment is necessary to comply with the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan quota transfer provisions. This announcement informs the public of the revised commercial quotas for North Carolina and New Jersey.

**DATES:** Effective February 20, 2019, through December 31, 2019.

**FOR FURTHER INFORMATION CONTACT:** Cynthia Ferrio, Fishery Management Specialist, (978) 281-9180.

**SUPPLEMENTARY INFORMATION:** Regulations governing the summer flounder fishery are found in 50 CFR 648.100 through 648.110. These regulations require annual specification of a commercial quota that is apportioned among the coastal states from

Maine through North Carolina. The process to set the annual commercial quota and the percent allocated to each state is described in § 648.102, and the initial 2019 allocations were published on December 17, 2018 (83 FR 64482).

The final rule implementing Amendment 5 to the Summer Flounder Fishery Management Plan, as published in the **Federal Register** on December 17, 1993 (58 FR 65936), provided a mechanism for transferring summer flounder commercial quota from one state to another. Two or more states, under mutual agreement and with the concurrence of the NMFS Greater Atlantic Regional Administrator, can transfer or combine summer flounder commercial quota under § 648.102(c)(2). The Regional Administrator is required to consider the criteria in § 648.102(c)(2)(i)(A) through (C) in the evaluation of requests for quota transfers or combinations.

North Carolina is transferring 3,270 lb (1,483 kg) of summer flounder commercial quota to New Jersey through mutual agreement of the states. This transfer was requested to repay landings made by a North Carolina-permitted vessel in New Jersey under a safe harbor agreement. Based on the initial quotas published in the 2019 Summer Flounder, Scup, and Black Sea Bass Specifications, the revised summer flounder quotas for fishing year 2019 are now: North Carolina, 1,827,368 lb (828,880 kg); and New Jersey, 1,118,827 lb (507,491 kg).
