[Docket No. FAA-2018-0952; Airspace Docket No. 18-ASW-16]

RIN 2120-AA66

Amendment of Class E Airspace; Flippin, AR

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies Class E airspace extending upward from 700 feet above the surface at Marion County Regional Airport, Flippin, AR, and Baxter County Airport, Mountain Home, AR, which is contained within the Flippin, AR, airspace legal description. This action is due to an airspace review caused by the decommissioning of the Flippin VHF omnidirectional range (VOR), which provided navigation information to the instrument procedures at this airport, as part of the VOR Minimum Operational Network (MON) Program. The geographic coordinates of the Marion County Regional Airport and name of Baxter County Airport are also being updated to coincide with the FAA's aeronautical database.

DATES: Effective 0901 UTC, April 25, 2019. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends Class E airspace extending upward from 700 feet above the surface at Marion County Regional Airport, Flippin, AR, and Baxter County Airport, Mountain Home, AR, to support instrument flight rule operations at these airports.

History

The FAA published a notice of proposed rulemaking in the FEDERAL REGISTER (83 FR 60789; November 27, 2018) for Docket No. FAA-2018-0952 to amend Class E airspace extending upward from 700 feet above the surface at Marion County Regional Airport, Flippin,

AR, and Baxter County Airport, Mountain Home, AR. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11C, dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11C, Airspace Designations and Reporting Points, dated August 13, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by:

Modifying the Class E airspace extending upward from 700 feet above the surface at Marion County Regional Airport, Flippin, AR, to within a 6.5-mile radius (increased from a 6.4-mile radius); removing the Flippin VOR/DME from the airspace legal description; removing the extension east of the airport; removing the city associated with the airport from the airspace legal description to comply with FAA Order 7400.2L, Procedures for Handling Airspace Matters; and updating the geographic coordinates of the airport to coincide with the FAA's aeronautical database.

And modifying the Class E airspace extending upward from 700 feet above the surface at Baxter County Airport (previously Baxter County Regional Airport), Mountain Home, AR, by removing the extension south of the airport associated with the Flippin VOR/DME; removing the

city associated with the airport from the airspace legal description to comply with FAA Order 7400.2L; and updating the name of the airport to coincide with the FAA's aeronautical database.

This action is the result of an airspace review caused by the decommissioning of the Flippin VOR, which provided navigation information for the instrument procedures at these airports, as part of the VOR MON Program.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.
