#### **SUPPLEMENTARY INFORMATION:**

Intended Recipient of Award: Association of State and Territorial Public Health Nutrition Directors

Amount of the Non-Competitive Award: \$300,000

Period of Supplemental Funding: 9/1/2019-08/31/2020

CFDA Number: 93.110

Authority: Social Security Act, Title V, § 501(a)(2) (42 U.S.C. § 701(a)(2))

*Justification:* The purpose of the Children’s Healthy Weight CoIIN is to increase the proportion of children and young adults ages birth to 21 years who fall within a healthy weight range by supporting states to adopt evidence-based or evidence-informed policies and practices related to nutrition, physical activity, and breastfeeding to help states address the National Performance Measures and National Outcome Measure related to healthy weight. To support states, the Children’s Healthy Weight CoIIN has established state-based teams to engage in collaborative learning and test evidence-based strategies; the recipient currently supports 12 state teams, across 13 unique states. State teamwork addresses identified state Title V priorities while supporting underserved communities, including communities at higher risk for childhood obesity. HRSA is awarding these funds as a supplement to the previous award, for the collection of additional data from states and a robust evaluation of their approach to prevent childhood obesity. The supplement of an additional year of funding will allow the recipient to collect and analyze data on state projects that will be implemented this year and evaluate the collective impact of the Children’s Healthy Weight CoIIN on maternal and child health outcomes, helping to identify the most effective ways for HRSA to address childhood obesity and inform future activities related to nutrition and obesity.
