SUPPLEMENTARY INFORMATION:

Background

The petitioner in this investigation is Cambria Company, LLC. The mandatory respondents in this investigation are CQ International,¹ Guangzhou Hercules Quartz Stone Co., Ltd. (Hercules Quartz), Foshan Hero Stone Co., Ltd. (Hero Stone), and Foshan Yixin Stone Co., Ltd. (Yixin Stone).

¹ We have "collapsed" CQ International Limited with two affiliated companies, Suzhou Colorquartzstone New Material Co., Ltd. and Shanghai Meiyang Stone Co., Ltd., and, as a result, we are treating them as a single-entity (collectively, CQ International).

On November 20, 2018, Commerce published the *Preliminary Determination* of sales at LTFV of quartz surface products from China.² A summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by the parties for this final determination, may be found in the Issues and Decision Memorandum, which is hereby adopted by this notice.³ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and ACCESS is available to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Commerce exercised its discretion to toll all deadlines affected by the partial Federal government closure from December 22, 2018, through the resumption of operations on January 29, 2019.⁴ The revised deadline for the final determination of this investigation is now May 14, 2019.

All deadlines in this segment of the proceeding have been extended by 40 days.

Period of Investigation

The period of investigation is October 1, 2017, through March 31, 2018.

Scope of the Investigation

The products covered by this investigation are quartz surface products from China. For a complete description of the scope of this investigation, *see* Appendix I.

Scope Comments

During the course of this investigation, and the concurrent countervailing duty (CVD) investigation of quartz surface products from China, Commerce received scope comments from interested parties. Commerce issued a Preliminary Scope Decision Memorandum to address these comments and set aside a period of time for parties to address scope issues in scope case and rebuttal briefs.⁵ We received comments from interested parties on the Preliminary Scope Decision Memorandum, which we addressed in the Final Scope Decision Memorandum.⁶ In addition, on February 14, 2019, the petitioner submitted a proposed clarification to the scope of this and the concurrent CVD investigation.⁷ In response to the petitioner's proposed scope clarification, Commerce established a separate scope briefing schedule and received case and rebuttal briefs regarding the proposed clarification, which we addressed in the Proposed Scope Clarification Decision Memorandum.⁸ As a result, for this final determination, we made certain

changes to the scope of these investigations from that published in the *Preliminary Determination*.⁹ See Appendix I.

Final Affirmative Determination of Critical Circumstances

In accordance with 735(a)(3) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.206, Commerce determines that critical circumstances exist with respect to imports of quartz surface products from CQ International,¹⁰ Foshan Yixin Stone Co., Ltd. (Yixin Stone), all non-individually examined companies receiving a separate rate, and the China-wide entity. For a full description of the methodology and results of Commerce's final affirmative critical circumstances analysis, see the Issues and Decision Memorandum at Comment 2.

Analysis of Comments Received

In the Issues and Decision Memorandum, we address all issues raised in parties' case and rebuttal briefs, other than those issues related to scope. A list of the issues that parties raised, and to which we responded in the Issues and Decision Memorandum, is attached to this notice as Appendix II.

Methodology

Commerce conducted this investigation in accordance with section 731 of the Act. Export price was calculated in accordance with section 772(a) of the Act. Constructed export price was calculated in accordance with section 772(b) of the Act. Because China is a non-market economy within the meaning of section 771(18) of the Act, normal value (NV) was calculated in accordance with section 773(c) of the Act. For a full description of the methodology underlying Commerce's determination, see the Preliminary Decision

⁹ This scope modification will not apply to merchandise entered prior to the publication of this notice in the *Federal Register*.

Memorandum; *see also* the Issues and Decision Memorandum.

Verification

As provided in section 782(i) of the Act, Commerce verified the sales and factors of production data reported by CQ International and Yixin Stone. We used standard verification procedures, including an examination of relevant accounting and production records, and original source documents provided by the respondents.

Changes Since the Preliminary Determination

Based on our review and analysis of the comments received from interested parties, and our findings at verification, we made certain changes to the calculation of the antidumping duty margins applicable to CQ International, Yixin Stone, those companies entitled to a separate rate, and the China-wide entity. Further, we now find Hercules Quartz to be part of the China-wide entity. For a discussion of these changes, *see* the Issues and Decision Memorandum.

China-Wide Entity and Use of Adverse Facts Available

For the reasons explained in the *Preliminary Determination*, we continue to find that the use of adverse facts available (AFA), pursuant to sections 776(a) and (b) of the Act, is warranted in determining the rate for the China-wide entity.¹¹ In selecting the AFA rate for the China-wide entity, Commerce's practice is to select a rate that is sufficiently adverse to ensure that the uncooperative party does not obtain a more favorable result by failing to cooperate than if it had fully cooperated.¹² Specifically, it is Commerce's practice to select, as an AFA rate, the higher of: (a) the highest dumping margin alleged in the petition; or, (b) the highest calculated dumping

¹¹ The China-wide entity includes Foshan Hero Stone Co., Ltd.; Foshan Quartz Stone Imp & Exp Co., Ltd.; Guangzhou Hercules Quartz Stone Co., Ltd.; Hero Stone Co., Ltd.; and Vemy Quartz Surface Co., Ltd.

margin of any respondent in the investigation.¹³ For the final determination, we are assigning the China-wide entity, as AFA, the highest petition margin of 336.69 percent. We are able to corroborate the highest petition dumping margin, to the extent practicable within the meaning of section 776(c) of the Act, using transaction-specific dumping margins calculated for CQ International and Yixin Stone and, thus, we assigned this dumping margin to the China-wide entity as AFA. For further discussion, *see* the Issues and Decision Memorandum at “Use of Adverse Facts Available.”

Separate Rates

For the final determination, we continue to find that CQ International and Yixin Stone are eligible for separate rates. Section 735(c)(5)(A) of the Act provides that the estimated “all others” rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding zero or *de minimis* margins, and any margins determined entirely under section 776 of Act.¹⁴ In this proceeding, Commerce calculated an above *de minimis* rate that is not based entirely on facts available for two mandatory respondents under individual examination, *i.e.*, CQ International and Yixin Stone. Thus, looking to section 735(c)(5)(A) of the Act for guidance, and consistent with our practice, we are assigning the weighted-average, based on publicly ranged sales data, of these mandatory respondents’ rates as the rate for non-individually examined companies that have qualified for a separate rate.¹⁵

Combination Rates

In the *Initiation Notice*,¹⁶ Commerce stated that it would calculate producer/exporter combination rates for the respondents that are eligible for a separate rate in this investigation. For a list of the respondents that established eligibility for their own separate rates and the exporter/producer combination rates applicable to these respondents, *see* Appendix III.

Final Determination

Commerce determines that quartz surface products from China are being, or are likely to be, sold in the United States at LTFV, and that the following dumping margins exist:

Disclosure

We intend to disclose the calculations performed to parties in this proceeding within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all appropriate entries of quartz surface products from CQ International, Yixin Stone, the separate rates companies, and the China-wide entity, and, in accordance with section 735(c)(4)(B) of the Act, because we continue to find that critical circumstances exist, we will instruct CBP to continue to suspend liquidation of all appropriate entries of quartz surface products which were entered, or

¹⁷ The following companies failed to establish their eligibility for a separate rate and, therefore, are part of the China-wide entity: Foshan Hero Stone Co., Ltd.; Foshan Quartz Stone Imp & Exp Co., Ltd.; Guangzhou Hercules Quartz Stone Co., Ltd.; Hero Stone Co., Ltd.; and Vemy Quartz Surface Co., Ltd. *See* Preliminary Decision Memorandum; *see also* Issues and Decision Memorandum.

withdrawn from warehouse, for consumption on or after August 22, 2018, which is 90 days prior to the date of publication of the *Preliminary Determination* of this investigation in the *Federal Register*.

To determine the cash deposit rate, Commerce normally adjusts the estimated weighted-average dumping margin by the amount of domestic subsidy pass-through and export subsidies determined in a companion CVD proceeding when CVD provisional measures are in effect. Accordingly, where Commerce makes an affirmative determination for domestic subsidy pass-through or export subsidies, Commerce offsets the calculated estimated weighted-average dumping margin by the appropriate rate(s). In this case, we have made an affirmative determination for domestic subsidy pass-through and export subsidies for certain respondents. However, suspension of liquidation for provisional measures in the companion CVD case has been discontinued; therefore, we are not instructing CBP to collect cash deposits based upon the adjusted estimated weighted-average dumping margin for those subsidies at this time.

In addition, pursuant to section 735(c)(1)(B)(ii) of the Act, Commerce will instruct CBP to require a cash deposit equal to the weighted-average amount by which NV exceeds U.S. price as follows: (1) the cash deposit rate for the exporter/producer combination listed in the table above or in Appendix III will be the rate identified for that combination in that table or Appendix III; (2) for all combinations of exporters/producers of merchandise under consideration that have not received their own separate rate above or in Appendix III, the cash deposit rate will be the cash deposit rate established for the China-wide entity; and (3) for all non-Chinese exporters of the merchandise under consideration which have not received their own separate rate above, the cash deposit rate will be the cash deposit rate applicable to the Chinese exporter/producer combination that supplied that non-Chinese exporter. These suspension of liquidation instructions will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of the final affirmative determination of sales at LTFV. Because Commerce's final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of quartz surface products from China, or sales (or the likelihood of sales) for importation, of quartz surface products from China. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated, and all cash deposits will be refunded. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding Administrative Protective Orders

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: May 14, 2019.

Appendix I

Scope of the Investigation

The merchandise covered by the investigation is certain quartz surface products.¹⁸ Quartz surface products consist of slabs and other surfaces created from a mixture of materials that includes predominately silica (*e.g.*, quartz, quartz powder, cristobalite) as well as a resin binder (*e.g.*, an unsaturated polyester). The incorporation of other materials, including, but not limited to, pigments, cement, or other additives does not remove the merchandise from the scope of the investigation. However, the scope of the investigation only includes products where the silica content is greater than any other single material, by actual weight. Quartz surface products are typically sold as rectangular slabs with a total surface area of approximately 45 to 60 square feet and a nominal thickness of one, two, or three centimeters. However, the scope of this investigation includes surface products of all other sizes, thicknesses, and shapes. In addition to slabs, the scope of this investigation includes, but is not limited to, other surfaces such as countertops, backsplashes, vanity tops, bar tops, work tops, tabletops, flooring, wall facing, shower surrounds, fire place surrounds, mantels, and tiles. Certain quartz surface products are covered by the investigation whether polished or unpolished, cut or uncut, fabricated or not fabricated, cured or uncured, edged or not edged, finished or unfinished, thermoformed or not thermoformed, packaged or unpackaged, and regardless of the type of surface finish.

In addition, quartz surface products are covered by the investigation whether or not they are imported attached to, or in conjunction with, non-subject merchandise such as sinks, sink bowls, vanities, cabinets, and furniture. If quartz surface products are imported attached to, or in conjunction with, such non-subject merchandise, only the quartz surface product is covered by the scope.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise fabricated in a third country, including by cutting, polishing, curing, edging, thermoforming, attaching to, or packaging with another product, or any other finishing, packaging, or fabrication that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the quartz surface products.

The scope of the investigation does not cover quarried stone surface products, such as granite, marble, soapstone, or quartzite. Specifically excluded from the scope of the investigation are crushed glass surface products. Crushed glass surface products must meet each of the following criteria to qualify for this exclusion: (1) the crushed glass content is greater than any other single material, by actual weight; (2) there are pieces of crushed glass visible across the surface of the product; (3) at least some of the individual pieces of crushed glass that are visible across the surface are larger than one centimeter wide as measured at their widest cross-section (glass pieces); and (4) the distance between any single glass piece and the closest separate glass piece does not exceed three inches.

¹⁸ Quartz surface products may also generally be referred to as engineered stone or quartz, artificial stone or quartz, agglomerated stone or quartz, synthetic stone or quartz, processed stone or quartz, manufactured stone or quartz, and Bretonstone®.

The products subject to the scope are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under the following subheading: 6810.99.0010. Subject merchandise may also enter under subheadings 6810.11.0010, 6810.11.0070, 6810.19.1200, 6810.19.1400, 6810.19.5000, 6810.91.0000, 6810.99.0080, 6815.99.4070, 2506.10.0010, 2506.10.0050, 2506.20.0010, 2506.20.0080, and 7016.90.10. The HTSUS subheadings set forth above are provided for convenience and U.S. Customs purposes only. The written description of the scope is dispositive.
