AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: This notice is a Correction to the notice published on May 14, 2019, due to invalid Docket number, updated comment deadline, as well as clarification for Respondents and their Frequency.

In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection involves an automated application process for employment with the Federal Aviation Administration. Applicants access an online form that is presented with requests for certain information.

The information collected is necessary to determine basic eligibility for employment and potential eligibility for Veteran's Preference, Veteran's Readjustment Act, and People with Disability appointments. In addition, there are specific occupation questions that assist the FAA Office of Human Resource Management (AHR) in determining candidates' qualifications in order that the best-qualified candidates are hired for the many FAA occupations.

OMB Control Number: 2120-0597

Title: Application for Employment with the Federal Aviation Administration

Form Numbers: FAA-3330-76

Type of Review: Renewal of an information collection

Background: Under the provisions of Public Law 104-50, the Federal Aviation Administration (FAA) was given the authority and the responsibility for developing and implementing its own personnel system without regard to most of the provisions of Title 5, United States Code, exceptions being those concerning veteran's preference and various benefits.

The OPM developed a suite of forms for use in automated employment processes: all under a single OMB approval. The FAA AHR has the same OMB approval for its automated application for employment. By automating processes for employment application and the evaluation of candidates, AHR has markedly improved the service it provides to the public as well as its ability to locate and hire the best-qualified applicants. Lastly, via this process, applicants are provided on-line results immediately upon submitting their application questionnaires.

The Agency is requesting certain information necessary to determine basic eligibility for employment and potential eligibility for Veteran's Preference, Veteran's Readjustment Act, and People with Disability appointments. In addition, occupation specific questions assist AHR in determining candidates' qualifications in order that the best-qualified candidates are hired for the many FAA occupations. The system currently in use for this collection is the Automated Vacancy Information Access Tool for Online Referral (AVIATOR). This system cannot be directly accessed. Applicants are transferred to the AVIATOR system from OPM's USAJOBS Website during the application process.
