[OMB 3060-XXXX]

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before [INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]. If you anticipate that you

will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

Needs and Uses: The Commission is requesting Office of Management and Budget (OMB) approval for a new information collection as described below.

The Commission is conducting an auction for 39 GHz spectrum pursuant to 47 U.S.C. 309(j)(8)(G) in which it is offering incumbent licensees a share of auction proceeds as an incentive to relinquish voluntarily previously granted spectrum usage rights in order to permit the assignment of new initial licenses subject to flexible use rules.

The information in the form is needed to make payments of the respective shares of auction proceeds. The information required for a licensee with respect to payments in incentive auctions is covered under 47 CFR 1.2115(b).

The information collection for which we are requesting approval is necessary for incumbent licensees to instruct the Commission on how to pay the approved amounts due to them, and for the payees to make certifications that reduce the risk of waste, fraud, abuse and improper payments.

FEDERAL COMMUNICATIONS COMMISSION.
