OMB Control Number: 2900-NEW.

Type of Review: Reinstatement of previously approved collection as a new collection.

Abstract: This collection of forms was part of a previously approved collection under OMB Control Number 2900-0160. However, it has been determined that these six forms will be separated from the other three forms in 2900-0160, and renewal is requested under a new OMB Control Number.

Title 38 CFR Part 51 State Veterans Homes (SVH) regulations published in the Federal Register as final rule on November 28, 2018 (RIN 2900-A088) require the VA to ensure per diem payments are limited to facilities providing high quality care. These six forms are presented to and completed by SVH management and then assessed and utilized by VA SVH Representatives designated by the Medical Center Director of VA of jurisdiction during the annual VA survey process at each SVH across the U.S. as a regulatory action. This collection of forms falls under the auspices of Geriatrics and Extended Care in VA Central Office (10NC4). As per VHA Directive 1145.01, this collection of forms is part of the annual VA survey process. The legal requirements that necessitate this collection of information are found specifically at 38 CFR Parts 51.31,

51.43, and 51.210 for all three levels of care; nursing home, domiciliary, and adult day health care.

The information required at time of the VA survey includes the application and justification for medications for a basic rate Veteran; records and reports that SVH management must maintain regarding activities of residents or participants; information relating to whether the SVH meets standards concerning residents' rights and responsibilities prior to admission or enrollment, during admission or enrollment, and upon discharge; the records and reports which SVH management and SVH health care professionals must maintain regarding residents or participants and employees; various types of documents pertaining to the management of the SVH; pharmaceutical records; and staffing documentation.
