Certain Magnesia Carbon Bricks from the People’s Republic of China: Preliminary Results of the Antidumping Duty Administrative Review; 2017-2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines to rescind this administrative review, as there is no evidence of any reviewable entries, shipments, or sales of certain magnesia carbon bricks (magnesia carbon bricks) from the People’s Republic of China (China) to the United States during the September 1, 2017 through August 31, 2018 period of review (POR) by the companies subject to this review. Interested parties are invited to comment on these preliminary results.

DATES: Applicable [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION:

Background

On November 15, 2018, Commerce published in the Federal Register a notice of initiation of an administrative review of the antidumping duty order on magnesia carbon bricks
for five producers/exporters for the POR. ¹ Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018 through the resumption of operations on January 28, 2019.² Commerce extended the deadline for these preliminary results from July 12, 2019, to no later than October 10, 2019. For a more detailed description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum, dated concurrently with these results and hereby adopted by this notice.³

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Access to ACCESS is available to registered users at http://access.trade.gov and is available to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at http://enforcement.trade.gov/frn/index.html. A list of topics discussed in the Preliminary Decision Memorandum is attached as an Appendix to this notice. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Scope of the Order

¹ See Initiation of Antidumping and Countervailing Duty Administrative Reviews, 83 FR 57414 (November 15, 2018) (Initiation Notice). The companies subject to this review are Fedmet Resources Corporation (Fedmet); Fengchi Imp. and Exp. Co., Ltd. of Haicheng City, Fengchi Mining Co., Ltd. of Haicheng City, and Fengchi Refractories Co., of Haicheng City (collectively, Fengchi); and RHI Liaoning Zhongmei High Temperature Material Co., Ltd., Liaoning Zhongmei Holding Co., Ltd., RHI Refractories Liaoning Co., Ltd., Shenglong Refractories Co., Ltd., Yingkou Heping Sanhua Materials Co., Ltd., and Yingkou Heping Samwha Minerals, Co., Ltd.
² See Memorandum, “Deadlines Affected by the Partial Shutdown of the Federal Government,” dated January 28, 2019. All deadlines in this proceeding have been extended by 40 days.
The scope of the order includes certain chemically-bonded magnesia carbon bricks from China. A full description of the scope of the order is contained in the Preliminary Decision Memorandum, which is hereby adopted by this notice.

**Methodology**

Commerce is conducting this administrative review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

**Preliminary Intent to Rescind the Administrative Review, in Part, and Status of the China-Wide Entity**

Based on information submitted after the initiation of this administrative review, and due to the fact that we have not received any information from U.S. Customs and Border Protection (CBP) indicating that the companies that submitted no shipment certifications had reviewable entries of subject merchandise to the United States during the POR, Commerce preliminarily determines certain companies subject to this review had no reviewable entries of subject merchandise during the POR. Should evidence arise that leads us to conclude that the companies subject to review had reviewable entries of subject merchandise during the POR, we will revisit this issue in the final results. Otherwise, pursuant to 19 CFR 351.213(d)(3), we intend to rescind the administrative review of these companies in the final results.

Additionally, none of the following companies subject to this review filed a separate rate application or certification: Liaoning Zhongmei High Temperature Material Co., Ltd., Liaoning Zhongmei Holding Co., Ltd., RHI Refractories Liaoning Co., Ltd., Shenglong Refractories Co., Ltd., Yingkou Heping Sanhua Materials Co., Ltd., and Yingkou Heping Samwha Minerals, Co., Ltd.

^4 See Memorandum, “Certain magnesia carbon bricks from China (A-570-954)” dated July 31, 2019 (detailing CBP’s response to Commerce’s no-shipment inquiry).
Thus, Commerce preliminarily determines that these companies have not demonstrated their eligibility for separate rate status. As such, Commerce preliminarily determines that these companies are part of the China-wide entity. In addition, Commerce no longer considers the non-market economy (NME) entity as an exporter conditionally subject to an antidumping duty administrative review. Accordingly, the NME entity will not be under review unless Commerce specifically receives a request for, or self-initiates, a review of the NME entity. In this administrative review, no party requested a review of the China-wide entity. Moreover, we have not self-initiated a review of the China-wide entity. Because no review of the China-wide entity is being conducted, the China-wide entity’s entries are not subject to the review and the rate applicable to the NME entity is not subject to change as a result of this review. The China-wide entity rate is 236.00 percent.
