## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 2960-006]

#### City of Gonzales, Texas; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 C.F.R. Part 380, the Office of Energy Projects has reviewed the application for license for the Gonzales Project, and has prepared an Environmental Assessment (EA) for the project. The project is located on the Guadalupe River in Gonzales County, Texas. The project occupies no federal land.

The EA contains Commission staff's analysis of the potential environmental effects of the project. The EA concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room, or may be viewed on the Commission's website at <http://www.ferc.gov>, using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document.
