**City of Holyoke Gas and Electric Department; Notice of Availability of  
Environmental Assessment**

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 C.F.R. Part 380, the Office of Energy Projects has reviewed the application for licenses for the Holyoke Number 1, Holyoke Number 2, and Holyoke Number 3 Hydroelectric Projects, located on the Holyoke Canal System in the City of Holyoke, Hampden County, Massachusetts, and has prepared an Environmental Assessment (EA) for the projects.

The EA contains the staff's analysis of the potential environmental impacts of the projects and concludes that licensing the projects would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the eLibrary link.
