Bureau of Industry and Security

15 CFR Part 744

[Docket No. 191105-0076]

RIN 0694-AH85

**Addition of Entities to the Entity List, Revision of an Entry on the Entity List, and
Removal of Entities from the Entity List**

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: In this rule, the Bureau of Industry and Security (BIS) amends the Export Administration Regulations (EAR) by adding twenty-two entities, under a total of thirty-two entries, to the Entity List. These twenty-two entities have been determined by the U.S. Government to be acting contrary to the national security or foreign policy interests of the United States. These entities will be listed on the Entity List under the destinations of Bahrain, France, Iran, Jordan, Lebanon, Oman, Pakistan, Saudi Arabia, Senegal, Syria, Turkey, the United Arab Emirates (U.A.E.) and the United Kingdom (U.K.). This rule also modifies one existing entry on the Entity List under the destination of Pakistan. Finally, this rule removes three entities from the Entity List; one under the destination of Pakistan, one under the destination of Singapore and one under the destination of the U.A.E. The removals are made in connection with requests for

removal that BIS received pursuant to sections of the EAR used for requesting removal or modification of an Entity List entry, and the subsequent review by the End-User Review Committee of the information provided in the requests.

DATES: This rule is effective [INSERT DATE OF PUBLICATION IN FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION:

Background

The Entity List (Supplement No. 4 to part 744 of the Export Administration Regulations (EAR)) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States. The EAR (15 CFR parts 730-774) impose additional license requirements on, and limit the availability of most license exceptions for, exports, reexports, and transfers (in-country) to listed entities. The license review policy for each listed entity is identified in the “License review policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant *Federal Register* notice adding entities to the Entity List. BIS places entities on the Entity List pursuant to part 744 (Control

Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and all decisions to remove or modify an entry by unanimous vote.

ERC Entity List Decisions

Additions to the Entity List

Under § 744.11(b) (Criteria for revising the Entity List) of the EAR, entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities that are contrary to the national security or foreign policy interests of the United States, and those acting on behalf of such entities, may be added to the Entity List. Paragraphs (b)(1) through (5) of § 744.11 provide an illustrative list of activities that could be considered contrary to the national security or foreign policy interests of the United States.

This rule implements the decision of the ERC to add twenty-two entities, under a total of thirty-two entries (i.e., some of the entities are identified in more than one destination), to the Entity List. The twenty-two entities being added are located in Bahrain, France, Iran, Jordan, Lebanon, Oman, Pakistan, Saudi Arabia, Senegal, Syria, Turkey, the U.A.E. and the U.K. The ERC made the decision to add each of the twenty-two entities described below under the standard set forth in § 744.11(b) of the EAR.

The ERC determined to add Dart Aviation to the Entity List under the destinations of France, Iran, Senegal and the U.K., because this entity has transshipped U.S.-origin items to sanctioned destinations and entities without the required authorizations.

The ERC determined to add Safe Technical Supply Co., LLC to the Entity List under the destinations of Oman, Saudi Arabia and the UAE, as this entity has been involved in the proliferation of unsafeguarded nuclear activities.

The ERC determined to add Marzoghi, Ltd. and Mohammed Marzoghi to the Entity List under the destination of Bahrain; to also add Mohammed Marzoghi under the destination of the U.A.E. and to add Abdullah Poor Nagar, Al Ras Gate General Trading, Bestway Line FZCO, and Khaled Al Taher under the destination of the U.A.E. as well; and to add Eslem Global Pazarlama Sanayi ve Ticaret and Mehmet Yari under the destination of Turkey. The ERC determined that these eight entities knowingly divert U.S. origin items to Iran without authorization and are therefore unreliable recipients of U.S.-origin goods and technology.

The ERC determined to add to the Entity List EDO-ELEMED, Elemen Liban, Rahal Corporation for Technology and Medical Supplies, and Rahal Establishment under the destinations of Lebanon and Syria, and to add The Jordanian Lebanese Company for Laboratory Instruments S.A.L. under the destination of Jordan. The ERC determined that these five entities have been involved in providing material support to chemical and biological weapons activity in Syria.

The ERC determined to add Engineering Equipment (Private) Limited, Fabcon International, Muhandis Corporation, Paktech Engineers, and Rohtas Enterprise to the Entity List under the destination of Pakistan. The ERC determined these five entities have been involved in supporting unsafeguarded nuclear activities.

Finally, the ERC determined to add Techlink Communications and Techlinks, which were previously erroneously identified as aliases for Technology Links Pvt. Ltd., to the Entity List in individual entries under the destination of Pakistan. For more information on the original appearance of these entities as aliases on the Entity List, see 83 FR 44824 (September 4, 2018). As discussed further below, Technology Links Pvt. Ltd. is being removed from the Entity List pursuant to this rule.

Pursuant to § 744.11(b), the ERC determined that the conduct of the above-described twenty-two entities raises sufficient concerns that prior review of exports, reexports, or transfers (in-country) of all items subject to the EAR involving these entities, and the possible imposition of license conditions or license denials on shipments to these entities, will enhance BIS's ability to prevent violations of the EAR. For the twenty-two entities added to the Entity List in this final rule, BIS imposes a license requirement for all items subject to the EAR and a license review policy of a presumption of denial. In addition, no license exceptions are available for exports, reexports, or transfers (in-country) to the persons being added to the Entity List in this rule. The acronym "a.k.a." (also known as) is used in entries on the Entity List to identify aliases, thereby assisting exporters, reexporters, and transferors in identifying entities on the Entity List.

For the reasons described above, this final rule adds the following twenty-two entities, under a total of thirty-two entries, to the Entity List:

Bahrain

- Marzoghi, Ltd.; *and*
- Mohammed Marzoghi.

France

- Dart Aviation, including four aliases (Dart Aviation Technics, Dart Aviation Marlbrine S.A.R.L., MBP Trading Ltd., and Sari IEAS).

United Kingdom

- Dart Aviation, including four aliases (Dart Aviation Technics, Dart Aviation Marlbrine S.A.R.L., MBP Trading Ltd., and Sari IEAS).

Modification to an Entry on the Entity List

This final rule implements the decision of the ERC to modify one existing entry on the Entity List, under the destination of Pakistan. Specifically, this rule implements the decision of the ERC to modify the existing entry for Mushko Electronics Pvt. Ltd., which was added to the Entity List under the destination of Pakistan on March 22, 2018 (83 FR 12479). BIS is modifying the existing entry by changing the License Requirement from “All Items Subject to the EAR (See §744.11 of the EAR)” to “Items on the Commerce Control List (CCL) only.” In

addition, BIS is modifying an existing address for Mushko Electronics Pt. Ltd. to correct the spelling of “Boulevad” to “Boulevard.”

Removals from the Entity List

This final rule implements the decision of the ERC to remove from the Entity List the following entities: Technology Links Pvt. Ltd., an entity located in Pakistan; All Industrial Manufacturing (AIM) Pte Ltd., an entity located in Singapore; and Eurotech DMCC, an entity located in the U.A.E. Technology Links Pvt. Ltd. was added to the Entity list on September 4, 2018 (83 FR 44824); All Industrial Manufacturing (AIM) Pte Ltd. was added to the Entity List on September 26, 2018 (83 FR 48534); and Eurotech DMCC was added to the Entity List on January 26, 2018 (83 FR 3580). The ERC decided to remove these three entities based upon their requests for removal and the information that BIS received from them as part of their removal requests pursuant to § 744.16 of the EAR, and the subsequent review that the ERC conducted in accordance with procedures described in Supplement No. 5 to part 744.

For the reasons described above, this final rule implements the decision to remove the following three entities, under the destinations of Pakistan, Singapore and the U.A.E., respectively, from the Entity List:

Pakistan

- Technology Links Pvt. Ltd.

Singapore

- All Industrial Manufacturing (AIM) Pte Ltd.

United Arab Emirates

- Eurotech DMCC.

Savings Clause

Shipments of items removed from eligibility for a License Exception or export or reexport without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export or reexport, on [INSERT DATE OF PUBLICATION IN FEDERAL REGISTER], pursuant to actual orders for export or reexport to a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export or reexport without a license (NLR).

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA) (50 U.S.C. 4801-4852). ECRA provides the legal basis for BIS's principal authorities and serves as the authority under which BIS issues this rule. As set forth in Section 1768 of ECRA, all delegations, rules, regulations, orders, determinations, licenses, or other forms of administrative action that have been made, issued, conducted, or allowed to become effective under the Export Administration Act of 1979 (previously, 50 U.S.C. 4601 et seq.) (as in effect prior to August 13, 2018 and as continued in effect pursuant to the International Emergency Economic Powers Act (50 U.S.C. 1701 et seq.)) or the Export Administration Regulations, and are in effect as of August 13, 2018, shall continue in effect according to their terms until modified, superseded, set aside, or revoked under the authority of ECRA.

Rulemaking Requirements

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866. This rule is not an Executive Order 13771 regulatory action because this rule is not significant under Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications and carries a burden estimate of 42.5 minutes for a manual or electronic submission. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule. You may send comments regarding the collection of information associated with this rule, including suggestions for reducing the burden, to Jasmeet K. Seehra, Office of Management and Budget (OMB), by e-mail to Jasmeet_K._Seehra@omb.eop.gov, or by fax to (202) 395-7285.

3. This rule does not contain policies with Federalism implications as that term is defined in

Executive Order 13132.

4. Pursuant to section 1762 of the Export Control Reform Act of 2018 (50 U.S.C. 4801-4852), which was included in the John S. McCain National Defense Authorization Act for Fiscal Year 2019, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.
