**ACTION:** 30-day Notice and request for comments

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Office of National Drug Control Policy (ONDCP) announces it will submit to the Office of Management and Budget (OMB) and Office of Information and Regulatory Affairs (OIRA) an information collection request. This proposed information collection was previously published in the Federal Register of October 8, 2019 and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment.

requests for additional plans and instruments must be in writing. Copies of documents submitted to OMB and other information is available from Ms. Delano who may be contacted at 202-395-6794.

**SUPPLEMENTARY INFORMATION:** The Office of National Drug Control Policy desires to learn how adult drug courts are responding to the opioid epidemic. To do so, they propose to conduct a survey of State/Territory Drug Court Coordinators to learn more about adult drug courts' efforts to serve persons suffering from opioid use disorders, focusing particularly on the use of medication-assisted treatment (MAT). An earlier survey from 2012 found that nearly half of drug courts were not using MAT or had blanket prohibitions against methadone or buprenorphine. At the same time, ONDCP funded a suite of resources to increase uptake of MAT in treatment courts, including online and in-person training workshops, practitioner fact sheets, pocket guides for staff members and participants, professional tool kits, and sample policies and procedures materials. The proposed survey will examine statewide MAT efforts, and policies and procedures concerning MAT, including whether there have been recent changes in state certification requirements, training modules, or funding mandates to increase MAT adoption. ONDCP previously published this information collection on October 8, 2019 at 84 FR 53762.
