**Agenda**

The Scientific and Statistical Committee will meet to consider the New England Fishery Management Council's remand of the SSC's acceptable biological catch (ABC) recommendations for American plaice, Gulf of Maine and Georges Bank haddock stocks, and Atlantic pollock for fishing years 2020-23. They will also discuss any matters concerning issues with ABC control rules for groundfish and the lack of fish stock status determination criteria. Other business will be discussed as needed.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded, consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.
