

**ENVIRONMENTAL PROTECTION AGENCY**

**40 CFR Part 52**

**[EPA-R07-OAR-2019-0656; FRL-10004-15-Region 7]**

**Air Plan Approval; Missouri; Sampling Methods for Air Pollution Sources**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is taking final action to approve a revision to the State Implementation Plan (SIP) for the State of Missouri submitted by the State on October 25, 2019. The revisions will amend the SIP by providing a more efficient way to perform emissions sampling on air pollution sources throughout Missouri. The State requested approval of incorporating by reference the federally defined methods for stack testing. These revisions are administrative in nature and do not affect the stringency of the SIP. The EPA's approval of this rule revision is being done in accordance with the requirements of the Clean Air Act (CAA).

**DATES:** This final rule is effective on **[insert date 30 days after date of publication in the Federal Register]**.

**ADDRESSES:** The EPA has established a docket for this action under Docket ID No. EPA-R07-OAR-2019-0656. All documents in the docket are listed on the <https://www.regulations.gov> web site. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available through <https://www.regulations.gov> or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional information.

**FOR FURTHER INFORMATION CONTACT:** Jan Simpson, Environmental Protection Agency, Region 7 Office, Air Quality Planning Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219; telephone number (913) 551-7089; email address [simpson.jan@epa.gov](mailto:simpson.jan@epa.gov).

**SUPPLEMENTARY INFORMATION:** Throughout this document "we," "us," and "our" refer to the EPA.

## **Table of Contents**

- I. Background
- II. What is Being Addressed in this Document?
- III. Have the Requirements for Approval of a SIP Revision Been Met?
- IV. What Action is the EPA Taking?
- V. Incorporation by Reference
- VI. Statutory and Executive Order Reviews

## **I. Background**

On December 3, 2019, the EPA proposed in the **Federal Register** approval of the SIP submission. See 84 FR 66096. The proposed revisions would amend the SIP by providing a more efficient way to perform emissions sampling on air pollution sources throughout Missouri. The State requested approval of incorporating by reference the federally defined methods for stack testing. The EPA solicited comments on the proposed revisions to Missouri's SIP and received no comments.

## **II. What is Being Addressed in this Document?**

The EPA is approving revisions to the Missouri SIP submitted by the State of Missouri to the EPA on October 25, 2019. The revisions to the previously federally approved Missouri State rule 10 CSR 10-6.030 *Sampling Methods for Air Pollution Sources* are administrative in nature and do not affect the stringency of the SIP. The revisions will provide a more efficient way to perform emissions sampling by incorporating by reference federally promulgated methods.

A detailed discussion of the revision to Missouri's SIP and was provided in EPA's December 3, 2019, **Federal Register** document. See 84 FR 66096.

### **III. Have the Requirements for Approval of a SIP Revision Been Met?**

The State submission has met the public notice requirements for SIP submissions in accordance with 40 CFR 51.102. The submission also satisfied the completeness criteria of 40 CFR part 51, appendix V. The State provided public notice on this SIP revision from May 15, 2018 to August 2, 2018 and received eight comments. Based on the comments received the State made revisions to rule text in sections (21) (22) and (23) that incorporated by reference specific appendices and subparts. The State provided a second public notice on this SIP revision from April 15, 2019 to June 6, 2019 and received no comments. In addition, as explained above, the revision meets the substantive SIP requirements of the CAA, including section 110 and implementing regulations.

### **IV. What Action is the EPA Taking?**

We are taking final action to approve revisions to Missouri's SIP by approving the State's request to revise 10 CSR 10-6.030, *Sampling Methods for Air Pollution Sources*.

### **V. Incorporation by Reference**

In this document, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the Missouri Regulations described

in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to make, these materials generally available through [www.regulations.gov](http://www.regulations.gov) and at the EPA Region 7 Office (please contact the person identified in the "**FOR FURTHER INFORMATION CONTACT**" section of this preamble for more information).

Therefore, these materials have been approved by the EPA for inclusion in the State Implementation Plan, have been incorporated by reference by EPA into that plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of the EPA's approval, and will be incorporated by reference in the next update to the SIP compilation.<sup>1</sup>

## **VI. Statutory and Executive Order Reviews**

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law

---

<sup>1</sup> 62 FR 27968 (May 22, 1997).

as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866.
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of the National Technology Transfer and Advancement Act (NTTA) because this rulemaking does not involve technical standards; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. section 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take

effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by **[insert date 60 days after date of publication in the Federal Register]**. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2)).

**List of Subjects in 40 CFR Part 52**

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: January 9, 2020.

James Gulliford,  
Regional Administrator,  
Region 7.

For the reasons stated in the preamble, the EPA amends 40 CFR part 52 as set forth below:

**PART 52--APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS**

1. The authority citation for part 52 continues to read as follows:

**Authority:** 42 U.S.C. 7401 *et seq.*

**Subpart AA-Missouri**

2. In §52.1320, the table in paragraph (c) is amended by revising the entry "10-6.030" to read as follows:

**§52.1320 Identification of plan.**

\* \* \* \* \*
