**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information

collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* High School and Beyond 2020 (HS&B:20) Base-Year Full-Scale Study Data Collection

*OMB Control Number:* 1850-0944

*Type of Review:* A revision of an existing information collection

*Respondents / Affected Public:* Individuals or Households

*Total Estimated Number of Annual Responses:* 120,761

*Total Estimated Number of Annual Burden Hours:* 49,477

*Abstract:* The High School and Beyond 2020 study (HS&B:20) will be the sixth in a series of longitudinal studies at the high school level conducted by the National Center for Education Statistics (NCES), within the Institute of Education Sciences (IES) of the U.S. Department of Education. HS&B:20 will follow a nationally-representative sample of ninth grade students from the start of high school in the fall of 2020 to the spring of 2024 when most will be in twelfth grade. The study sample will be freshened in 2024 to create a nationally representative sample of twelfth-graders. A high school transcript collection and additional follow-up data collections beyond high school are also planned. The NCES secondary longitudinal studies examine issues such as students' readiness for high school; the risk factors associated with dropping out of high school; high school completion; the transition into postsecondary education and access/choice of institution; the shift from school to work; and the pipeline into science, technology, engineering, and mathematics (STEM). They inform education policy by tracking long-term trends and elucidating relationships among student, family, and school characteristics and experiences. HS&B:20 will follow the Middle Grades Longitudinal Study of 2017/18 (MGLS:2017) which followed the Early Childhood Longitudinal Study, Kindergarten Class of 2010-11 (ECLS-K:2011), thereby allowing for the study of all transitions from elementary school through high school and into higher education and/or the workforce. HS&B:20 will include surveys of students, parents, students' math teachers, counselors, and administrators, plus a student assessment in mathematics and reading and a brief hearing and vision test. In preparation for the HS&B:20 base-year full scale study, scheduled to take place in the fall of 2020, the request to conduct the HS&B:20 base year field test data collection and the base year full scale sampling and state, school district, school, and parent recruitment activities was approved in December 2018, with the latest update approved in December 2019 (OMB# 1850-0944 v.1-5). This request is to conduct the base-year full scale study data collection, scheduled to begin in August 2020. A new draft of Appendix B that will contain a Spanish translation of the Student Questionnaire will be added by April 20, 2020.
