Fiscal Service is adding one routine use to all of the systems of records to share information with other federal agencies or federal entities as required by OMB Memorandum 17-12, “Preparing for and Responding to a Breach of Personally Identifiable Information,” dated January 3, 2017, to assist Treasury/Fiscal Service in responding to a suspected or confirmed breach or prevent, minimize, or

remedy the risk of harm to the requesters, Treasury/Fiscal Service, the Federal Government, or national security.

Fiscal Service also slightly expanded the scope of SORN .003 (Claims and Inquiry Records on Treasury Checks, and International Claimants) to cover payments that will be made pursuant to the Guam World War II Loyalty Recognition Act, P.L. 114-328, Title XVII. This change is consistent with the purpose of the SORN and many other payments made pursuant to similar statutes and requirements.

In addition to the changes noted above, this notice updates some of the system of records notices, changes references in the systems of records notices, and makes other administrative changes to reflect the consolidation into the Fiscal Service, such as updating the procedures for gaining access to, or contesting the contents of, records in these systems of records..

This notice covers all systems of records adopted by the Fiscal Service as of [INSERT DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]. The system notices are reprinted in their entirety following the Table of Contents.
