**SUPPLEMENTARY INFORMATION:**

Cameron LNG requests a short-term blanket authorization to export LNG from the Cameron LNG Terminal to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by U.S. law or policy. This includes both countries with which the

United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas (FTA countries), and any other country with which trade is not prohibited by U.S. law or policy (non-FTA countries). This Notice applies only to the portion of the Application (as supplemented) requesting authority to export domestically produced LNG to non-FTA countries pursuant to section 3(a) of the NGA, 15 U.S.C. 717b(a).<sup>1</sup> DOE/FE will review Cameron LNG's request for a FTA export authorization separately pursuant to section 3(c) of the NGA, 15 U.S.C. 717b(c).

Cameron LNG's requests this authorization on its own behalf and as agent for other entities who hold title to the LNG at the time of export. Additional details can be found in the Application and Supplement, posted on the DOE/FE website at:

<https://www.energy.gov/fe/downloads/cameron-lng-llc-fe-dkt-no-20-14-lng>.

### **DOE/FE Evaluation**

In reviewing Cameron LNG's request, DOE will consider any issues required by law or policy. DOE will consider domestic need for the natural gas, as well as any other issues determined to be appropriate, including whether the arrangement is consistent with DOE's policy of promoting competition in the marketplace by allowing commercial parties to freely negotiate their own trade arrangements. As part of this analysis, DOE will consider the study entitled, *Macroeconomic Outcomes of Market Determined Levels of U.S. LNG Exports* (2018 LNG Export Study),<sup>2</sup> and DOE/FE's response to public comments received on that Study.<sup>3</sup>

<sup>1</sup> Cameron LNG's existing non-FTA blanket authorization will expire on June 29, 2020. *Cameron LNG, LLC*, DOE/FE Order No. 3904, FE Docket No. 16-34-LNG, Order Granting Blanket Authorization to Export Liquefied Natural Gas by Vessel from the Cameron LNG Terminal Located in Cameron and Calcasieu Parishes, Louisiana, to Free Trade Agreement and Non-Free Trade Agreement Nations (Oct. 3, 2016).

Parties that may oppose this Application should address these issues and documents in their comments and protests, as well as other issues deemed relevant to the Application.

The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 *et seq.*, requires DOE to give appropriate consideration to the environmental effects of its proposed decisions. No final decision will be issued in this proceeding until DOE has met its environmental responsibilities.
