**SUPPLEMENTARY INFORMATION:**

## **I. Notice of Appeal**

On March 20, 2020, the Secretary of Commerce (Secretary) received a “Notice of Appeal” filed by Appellants Jordan Cove Energy Project, L.P. and Pacific Connector Gas Pipeline, LP pursuant to the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. §§ 1451 *et seq.*, and implementing regulations found at 15 CFR part 930, subpart H. Appellants are appealing an objection by the Oregon Department of Land Conservation and Development to Appellants’ CZMA federal consistency certification for a proposed project to construct and operate a liquified natural gas (LNG) export terminal within the North Spit of Coos Bay and a 229-mile interstate natural gas pipeline and compressor station to connect the LNG export terminal to existing pipeline infrastructure. This matter constitutes an appeal of an “energy project” within the meaning of the CZMA regulations. *See* 15 CFR § 930.123(c).

Under the CZMA, the Secretary may override the Oregon Department of Land Conservation and Development’s objection on grounds that the project is consistent with the objectives or purposes of the CZMA, or is necessary in the interest of national security. To make the determination that the proposed activity is “consistent with the objectives or purposes of the CZMA,” the Secretary must find that: (1) the proposed activity furthers the national interest as articulated in sections 302 or 303 of the CZMA, in a significant or substantial manner; (2) the national interest furthered by the proposed activity outweighs the activity’s adverse coastal effects, when those effects are considered separately or cumulatively; and (3) no reasonable alternative is available that would permit the proposed activity to be conducted in a manner consistent with the enforceable policies of the applicable coastal management program. 15 CFR § 930.121.

To make the determination that the proposed activity is “necessary in the interest of national security,” the Secretary must find that a national defense or other national security interest would be significantly impaired if the proposed activity is not permitted to go forward as proposed. 15 CFR § 930.122.
