FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: The Mid-Atlantic Fishery Management Council and the Atlantic States Marine Fisheries Commission (Commission) are developing a joint action to consider adjusting the allocations of the black sea bass commercial quota among states. These allocations were loosely based on landings data from 1980-2001. They were first implemented in 2003 and have not been modified since that time. They are currently included only in the Commission's fishery management plan and are not jointly managed with the Council. This joint action will consider whether modifications to these allocations should be made to account for changes in

black sea bass distribution and abundance over time, as well as other considerations. It will also consider whether the allocations should be added to the Council's Fishery Management Plan and managed jointly by the Council and Commission.

Additional information on this action is available at: <http://www.mafmc.org/actions/bsb-commercial-allocation>.
