**NEEDS AND USES:**

The Individuals with Disabilities Education Act, (Sections 1400 et seq. of title 20, United States Code) and the Defense Dependents Education Act, (Sections 921 et seq. of title 20, United States Code) require the Department of Defense to provide early intervention services to developmentally delayed infants and toddlers (birth through 2) and special education and medically related services to children with disabilities from 3 through 21 years of age who are eligible to attend a DoD school. In order to ensure the availability of necessary medical and educational services for family members, the Department must identify those who have special health or educational needs. Medical and educational needs are also considered when approving family travel to an overseas or remote location where DoD must provide the services.

The Health Insurance Portability and Accountability Act (HIPAA) of 1996 (Public Law 94-191) requires specific language to advise the individuals that personally identifiable health information shall not be used or disclosed except for specifically permitted purposes, unless informed consent is provided by the individual. The Department is standardizing the information collection to ensure that appropriate information is collected and that it meets the data collection HIPAA requirements.

The National Defense Authorization Act (NDAA) for Fiscal Year 2010 (Public Law 111-84) requires procedures to identify members of the Uniformed Services who are members of military families with special needs, mechanisms to ensure their timely and accurate evaluations and enrollment.

**AFFECTED PUBLIC:** Individuals or households, businesses or on for-profit.
