**DEPARTMENT OF TRANSPORTATION**

**Federal Aviation Administration**

**14 CFR Part 71**

**[Docket No. FAA-2020-0321; Airspace Docket No. 20-AGL-17]**

**RIN 2120-AA66**

**Proposed Amendment of Class D and E Airspace and Establishment of Class E Airspace;  
Alton/St. Louis, IL**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of proposed rulemaking (NPRM).

**SUMMARY:** This action proposes to amend the Class D airspace and Class E airspace area designated as an extension to a Class D surface area and establish a Class E airspace extending upward from 700 feet above the surface at St. Louis Regional Airport, Alton/St. Louis, IL. The FAA is proposing this action as the result of an airspace review caused by the decommissioning of the outer marker to runway 29 at St. Louis Regional Airport which provided navigational information to this airport. The geographic coordinates of the airport would also be updated to coincide with the FAA's aeronautical database.

**DATES:** Comments must be received on or before **[INSERT DATE 45 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER]**.

**ADDRESSES:** Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590; telephone (202) 366-9826, or (800) 647-5527. You must identify FAA Docket No. FAA-2020-0321/Airspace Docket No. 20-AGL-17, at the beginning of your

comments. You may also submit comments through the Internet at <https://www.regulations.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays.

FAA Order 7400.11D, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at [https://www.faa.gov/air\\_traffic/publications/](https://www.faa.gov/air_traffic/publications/). For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue, SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11D at NARA, email [fedreg.legal@nara.gov](mailto:fedreg.legal@nara.gov) or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

**FOR FURTHER INFORMATION CONTACT:** Jeffrey Claypool, Federal Aviation Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway, Fort Worth, TX 76177; telephone (817) 222-5711.

**SUPPLEMENTARY INFORMATION:**

**Authority for this Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend the Class D airspace and Class

E airspace area designated as an extension to a Class D surface area and establish a Class E airspace extending upward from 700 feet above the surface at St. Louis Regional Airport, Alton/St. Louis, IL, to support instrument flight rule operations at this airport.

### **Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2020-0321/Airspace Docket No. 20-AGL-17." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

### **Availability of NPRMs**

An electronic copy of this document may be downloaded through the Internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at [https://www.faa.gov/air\\_traffic/publications/airspace\\_amendments/](https://www.faa.gov/air_traffic/publications/airspace_amendments/).

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the “ADDRESSES” section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Federal Aviation Administration, Air Traffic Organization, Central Service Center, Operations Support Group, 10101 Hillwood Parkway, Fort Worth, TX 76177.

### **Availability and Summary of Documents for Incorporation by Reference**

This document proposes to amend FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

### **The Proposal**

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) part 71 by:

Amending the Class D airspace at St. Louis Regional Airport, Alton/St. Louis, IL, to within a 4.4-mile (increased from 4.2-mile) radius of the airport; updating the header of the airspace legal description to Alton/St. Louis, IL (previously Alton, IL) to coincide with the FAA’s aeronautical database; removing the city associated with the airport in the airspace legal description to comply with changes to FAA Order 7400.2M, Procedures for Handling Airspace Matters; updating the geographic coordinates of the airport to coincide with the FAA’s aeronautical database; updating the name of the St. Louis, MO, Class B (previously Lambert-St. Louis International Airport, MO, Class B) to coincide with FAA Order 7400.11D, Airspace Designations and Reporting

Points; and replacing the outdated term “Airport/Facility Directory” with “Chart Supplement”;

Amending the Class E airspace area designated as an extension to a Class D surface area at St. Louis Regional Airport to within 2.5 miles (decreased from 2.6 miles) each side of the 008° (previously 012°) bearing from the Civic Memorial NDB (previously St. Louis Regional Airport) extending from the 4.4-mile (increased from 4.2-mile) radius of St. Louis Regional Airport to 7 miles (increased from 6.1 miles) north of the Civic Memorial NDB (previously the airport); updating the header of the airspace legal description to Alton/St. Louis, IL (previously Alton, IL) to coincide with the FAA’s aeronautical database; removing the city associated with the airport in the airspace legal description to comply with changes to FAA Order 7400.2M; updating the geographic coordinates of the airport to coincide with the FAA’s aeronautical database; and replacing the outdated term “Airport/Facility Directory” with “Chart Supplement”;

And establishing Class E airspace extending upward from 700 feet above the surface within a 6.9-mile radius St. Louis Regional Airport; and within 2.5 miles each side of the 008° bearing from the Civic Memorial NDB extending from the 6.9-mile radius of the airport to 7 miles north of the Civic Memorial NDB. (This airspace was previously contained within the St. Louis, MO, Class E airspace extending upward from 700 feet above the surface airspace legal description; however, with this amendment, the airspace no longer adjoins, and a separate airspace legal description is being established by this action.)

This action is the result of an airspace review caused by the decommissioning of the outer marker to runway 29 at St. Louis Regional Airport which provided navigational information to this airport.

Class E airspace designations are published in paragraph 5000, 6004, and 6005, respectively, of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019,

which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designation listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

### **Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### **Environmental Review**

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

### **List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

### **The Proposed Amendment**

Accordingly, pursuant to the authority delegated to me, the Federal Aviation

Administration proposes to amend 14 CFR part 71 as follows:

**PART 71 - DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for 14 CFR part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

**§ 71.1 [Amended]**

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019, is amended as follows:

Paragraph 5000. Class D Airspace.

\* \* \* \* \*

**AGL IL D Alton/St. Louis, IL [Amended]**

St. Louis Regional Airport, IL  
(lat. 38°53'24"N., long. 90°02'46"W.)

That airspace extending upward from the surface to and including 3,000 feet MSL within a 4.4-mile radius of the St. Louis Regional Airport, excluding that airspace within the St. Louis, MO, Class B airspace area. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6004. Class E Airspace Areas Designated as an Extension to a Class D or Class E

Surface Area.

\* \* \* \* \*

**AGL IL E4 Alton/St. Louis, IL [Amended]**

St. Louis Regional Airport, IL  
(lat. 38°53'24"N., long. 90°02'46"W.)  
Civic Memorial NDB  
(lat. 38°53'32"N., long. 90°03'23"W.)

That airspace extending upward from the surface within 2.5 miles each side of the 008° bearing

from the Civic Memorial NDB extending from the 4.4-mile radius of the St. Louis Regional Airport to 7 miles north of the Civic Memorial NDB. This Class E airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6005. Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

\* \* \* \* \*

**AGL IL E5 Alton/St. Louis, IL [Establish]**

St. Louis Regional Airport, IL

(lat. 38°53'24"N., long. 90°02'46"W.)

Civic Memorial NDB

(lat. 38°53'32"N., long. 90°03'23"W.)

That airspace extending upward from 700 feet above the surface within a 6.9-mile radius of St. Louis Regional Airport, and within 2.5 miles each side of the 008° bearing from the Civic Memorial NDB extending from the 6.9-mile radius of the airport to 7 miles north of the Civic Memorial NDB.

Issued in Fort Worth, Texas, on April 27, 2020.

Steven Phillips,  
Acting Manager, Operations Support Group,  
ATO Central Service Center.
