SECURITIES AND EXCHANGE COMMISSION
[Release No. 34-88813; File No. SR-NASDAQ-2020-023]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Modify the Operative Date of SR-NASDAQ-2020-012

May 5, 2020.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 1, 2020, The Nasdaq Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify the operative date of SR-NASDAQ-2020-012. The text of the proposed rule change is available on the Exchange’s Website at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On March 12, 2020, the Exchange filed with the Commission a proposed rule change to establish reopening protections for Nasdaq listed securities following a Level 1 or Level 2 market-wide circuit breaker trading halt initiated under Rule 4121.³ The proposed rule change indicated that operative date of the reopening protections would be during April 2020.⁴ The Exchange proposes to modify the operative date and delay the implementation of this functionality to July 2020. The Exchange will issue an Equity Trader Alert notifying members prior to implementing the functionality.

Due to the recent market volatility resulting from the novel coronavirus pandemic, the Exchange has been adjusting its systems testing schedule and assessing any risks to the operation of its systems that could potentially be introduced by implementing new functionality during this time. The extension would therefore provide the Exchange with flexibility and additional time to adjust its systems testing schedule, and to develop and test this new functionality, to safeguard against any such risk. Furthermore, the extension would allow the Exchange to implement the halt reopening changes after the Russell Rebalance, a significant market event occurring in June 2020, and for which the Exchange will reduce the number of changes to its systems. The Exchange has historically limited rolling out new functionality before the Russell Rebalance to

mitigate the operational risk of introducing technology changes before this significant market event.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest by providing the Exchange additional time to implement SR-NASDAQ-2020-012. As discussed above, the proposed delay is in recognition of both the recent market volatility and upcoming annual Russell Rebalance in June 2020. The Exchange believes that the extension would therefore allow the Exchange to mitigate any potential risks to the market and the operation of its systems by limiting the implementation of new functionality until after the Russell Rebalance, which, in turn, protects investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange's proposal to delay the implementation of SR-NASDAQ-2020-012 does not impose an undue burden on competition. Delaying the implementation will simply allow the Exchange additional time to properly plan and implement SR-NASDAQ-2020-012.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

⁵ 15 U.S.C. 78f(b).

⁶ 15 U.S.C. 78f(b)(5).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸

A proposed rule changed filed under Rule 19b-4(f)(6)⁹ normally does not become operative prior to 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6),¹⁰ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because doing so will allow the Exchange to adjust its testing schedule and develop and test the new auction functionality adequately prior to implementation.¹¹

⁷ 15 U.S.C. 78s(b)(3)(A)(iii).

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁹ 17 CFR 240.19b-4(f)(6).

¹⁰ 17 CFR 240.19b-4(f)(6)(iii).

¹¹ For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
