Title: Application for Certificate of Waiver or Authorization

Form Numbers: FAA form 7711-2

Type of Review: Renewal

Background: The Federal Register Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 31, 2020 (85 FR 17940). The information collected by FAA Form 7711-2, Application for Certificate of Waiver or Authorization, is reviewed and analyzed by FAA to determine the type and extent of the intended deviation from prescribed regulations. A certificate of waiver or authorization to deviate is generally issued to the applicant (individuals and businesses) if the proposed operation does not create a hazard to persons, property, or other aircraft, and includes the operation of unmanned aircraft. Applications for certificates of waiver to the provisions of Parts 91 and 101 are made by using FAA Form 7711-2. Application for authorization to make parachute jumps (other than emergency or military operations) under Part 105, Section 105.15 (airshows and meets) also uses FAA Form 7711-2. Application for other types of parachute jumping activities are submitted in various ways; e.g., in writing, in person, by telephone, etc.

Persons authorized to deviate from provisions of Part 101 are required to give notice of actual activities. Persons operating in accordance with the provisions of Part 101 are also required to give notice of actual activities. In both instances, the notice of information required is the same. Therefore, the burden associated with applications for certificates of waiver or authorization and the burden associated with notices of actual aircraft activities are identified and included in this request for clearance.

Regarding operation of small unmanned aircraft systems under Part 107, applications for a certificate of waiver were previously covered by this information collection. However, such waiver requests are now covered by information collection 2120-0768. Therefore, unlike the 60-day Federal Register Notice, this 30-day Federal Register Notice does not include burden hours for waiver applications under Part 107.

Respondents: 21,661 airmen and aircraft operators.

Frequency: On occasion.

Estimated Average Burden per Response: 1.25 hours.

Estimated Total Annual Burden: 13,761 hours.

Issued in Washington, D.C. on June 1, 2020.
