SUPPLEMENTARY INFORMATION:

I. Background

Purpose of the Committee

MCSAC was established to provide FMCSA with advice and recommendations on motor carrier safety programs and motor carrier safety regulations. MCSAC is composed of up to 25 voting representatives from safety advocacy, safety enforcement, labor, and industry stakeholders of motor carrier safety. The diversity of the Committee ensures the requisite range of views and expertise necessary to discharge its responsibilities. The committee operates as a discretionary committee under the authority of the U.S. Department of Transportation (DOT), established in accordance with the

provisions of the Federal Advisory Committee Act (FACA), as amended 5 U.S.C. App. 2.

Meeting Agenda

The MCSAC will take up the following issues:

- Task 20-1 will provide the MCSAC with the opportunity to discuss changes to the package and small goods delivery sector. A number of companies are now using small vehicles (e.g., vehicles with a gross vehicle weight rating less than 10,000 pounds, etc.) to deliver goods and there appears to be a gap in safety oversight of both drivers and vehicles. For this task, members will hear from Agency experts on trends in the Fatality Analysis Reporting System (FARS) and Motor Carrier Management Information System (MCMIS) crash and highway safety data.
- Task 20-2 will focus on the impact of the aging demographic of the commercial motor vehicle driver workforce on the truck and bus industries and whether this trend will exacerbate the driver shortage problem. Stakeholders have expressed concerns about the need to address the driver shortage, including options for allowing younger drivers to enter the industry. How would an aging workforce impact motor carriers' ability to deliver services and goods safely in interstate commerce? For this task, FMCSA will consider data by agency experts on the distribution of age among CMV drivers.
- Additionally, FMCSA will brief the MCSAC members on the impact of the legalization of hemp on the safety oversight of CMV drivers. While FMCSA's safety regulations prohibit drivers' use or transportation of illegal drugs, what

actions should be considered to ensure motor carriers, drivers and enforcement officials have appropriate guidance concerning hemp and what happens if drivers test positive for tetrahydrocannabinol.

II. Meeting Participation

While not required, advance registration is encouraged. To indicate that you will attend, please email the person listed in the FOR FURTHER INFORMATION CONTACT section by the deadline referenced in the DATES section. The meeting will be open to the public for its entirety. The U.S. Department of Transportation is committed to providing equal access to this meeting for all participants. If you need alternative formats or services because of a disability, such as sign language, interpretation, or other ancillary aids, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

Oral comments from the public will be heard throughout the meeting, at the discretion of the MCSAC chairman and designated federal officer. Additionally, to ensure that all participants have had the opportunity to have their comments heard, the agenda will include a public comment period at the end of each day's session. Members of the public may submit written comments to the person listed in the FOR FURTHER INFORMATION CONTACT section on the topics to be considered during the meeting by the deadline referenced in DATES section. Any member of the public may submit a written statement after the meeting deadline, and it will be presented to the committee.

Larry W. Minor,
Associate Administrator for Policy.
