AGENCY: Federal Aviation Administration, Department of Transportation.

SUPPLEMENTARY INFORMATION:

The FAA prepared a Final Environmental Assessment (EA), dated June 8, 2020, to assess the potential environmental impacts of the Las Vegas Metroplex Project in compliance with the National Environmental Policy Act of 1969, 42 U.S.C. 4321 *et seq.* The FAA accepted public comment on the Final EA from June 8 to June 22, 2020. This notice announces that based on the information and analysis contained in the Final EA, and after reviewing comments received on the Final EA, the FAA is issuing a Finding of No Significant Impact and Record of Decision (FONSI/ROD) for the Las Vegas Metroplex Project. The FONSI/ROD documents the FAA's determination that the Las Vegas Metroplex Project would not significantly affect the quality of the human environment and that an Environmental Impact Statement (EIS) is therefore not necessary. The FONSI/ROD also documents the FAA's decision to proceed with the preferred alternative detailed in the Final EA. The Las Vegas Metroplex Project will improve the

efficiency of the national airspace system in the Las Vegas area by optimizing aircraft arrival and departure procedures at McCarran International Airport, Henderson Executive Airport, and North Las Vegas Airport.
