Also included repair parts, training and U.S. Government support. The estimated total cost was \$1.25 billion. Major Defense Equipment (MDE) constituted \$900 million of this total.

On March 12, 2019, 19-0B notified the addition of: forty-eight (48) Advanced Field Artillery Tactical Data Systems (AFATDS) (MDE); forty-five (45) M1152A1 HMMWVs - Armor Ready 2-Man (MDE); fifty-four (54) M1084A1P2 HIMARS Resupply Vehicles (MDE); and support and communications equipment, spare and repair parts, test sets, batteries, laptop computers, publications and technical data, facility design, personnel training and equipment, systems integration support, Quality Assurance Teams and a Technical Assistance Fielding Team, United States Government and contractor engineering and logistics personnel services. (non-MDE). The additional MDE items were valued at \$24.42 million, resulting in a new MDE value of \$924.42 million, and additional non-MDE items were valued at \$225.574 million, resulting in a total program increase of \$250 million. The total case value increased to \$1.5 billion.

This transmittal notifies the addition of:

1. Six (6) AN/TPQ-53 Radar Systems (MDE);
2. Three hundred eighty-four (384) 120MM High Explosive (HE) Cartridges (MDE); and
3. Support and communications equipment, vehicles, ammunition, transportation, spare and repair parts, test sets, batteries, laptop computers, publications and technical data, facility design, personnel training and equipment, systems integration support, Quality Assurance Teams and a Technical Assistance Fielding Team, United States Government and contractor engineering and logistics personnel services. (Non-MDE)

The additional MDE items are valued at \$175 million, resulting in a new MDE value of \$1.1 billion, and additional non-MDE items are valued at \$75 million, resulting in a total program increase of \$250 million. The total program value will increase to \$1.75 billion.

(iv) Significance: This proposed sale of defense articles and services supports Romania's ongoing effort to modernize its armed forces and increase the Romanian Armed Forces' capacity to counter threats posed by potential attacks. This will contribute to the Romanian Armed Forces' effort to update their capabilities and enhance interoperability with the United States and other allies.

(v) Justification: This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a NATO ally in developing and maintaining a strong and ready self-defense capability. This proposed sale will enhance U.S. national security objectives in the region.

(vi) Sensitivity of Technology: The AN/TPQ-53 Radar is a high-performance Counter Fire Target Acquisition (CTA) radar. Each radar system includes a Kearfott KN-4083 Land/Sea Inertial Navigation System (INS) with Selective Availability Anti-Spoofing Module (SAASM). The AN/TPQ-53 radar features an Active Electronically Scanned Array (AESA) radar and processing system and software that further enhances its ability to detect and classify targets. There is no classified equipment or information to be conveyed with the proposed sale.
