229. FAR ACQUISITION REGULATION (FAR); FAR CASE 2015-038, REVERSE AUCTION GUIDANCE

EO 13771 Designation: Other

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to implement policies addressing the effective use of reverse auctions. Reverse auctions involve offerors lowering their pricing over multiple rounds of bidding in order to win Federal contracts. This change incorporates guidance from the Office of Federal Procurement Policy (OFPP) memorandum, "Effective Use of Reverse Auctions," which was issued in response to recommendations from the GAO report, *Reverse Auctions: Guidance is Needed to Maximize Competition and Achieve Cost Savings* (GAO-14-108). Reverse auctions are one tool used by Federal agencies to increase competition and reduce the cost of certain items. Reverse auctions differ from traditional auctions in that sellers compete against one another to provide the lowest price or highest-value offer to a buyer. This change to the FAR will include guidance that will standardize agencies' use of reverse auctions to help agencies maximize competition and savings when using reverse auctions.

230. FEDERAL ACQUISITION REGULATION (FAR); FAR CASE 2017-014, USE OF ACQUISITION 360 TO ENCOURAGE VENDOR FEEDBACK

EO 13771 Designation: Other

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to address the solicitation of contractor feedback on both contract formation and contract administration activities. Agencies would consider this feedback, as appropriate, to improve the efficiency and effectiveness of their acquisition activities. The rule would create FAR policy to encourage regular feedback in accordance with agency practice (both for contract formation and administration activities) and a standard FAR solicitation provision to support a sustainable model for broadened use of the Acquisition 360 survey to elicit feedback on the pre-award and debriefing processes in a consistent and standardized manner. Agencies would be able to use the solicitation provision to notify interested sources that a procurement is part of the Acquisition 360 survey and encourage stakeholders to voluntarily provide feedback on their experiences of the pre-award process.

Abstract: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to create and implement appropriate contract clauses and regulatory coverage to address contractor requirements for a breach response consistent with the requirements. This FAR change will implement the requirements outlined in the Office of Management and Budget (OMB) Memorandum, M-17-12, "Preparing for and Responding to a Breach of Personally Identifiable Information," section V part B .

EO 13771 Designation: Other

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to incorporate recent revisions and updates to accessibility standards issued by the U.S. Access Board pursuant to section 508 of the Rehabilitation Act of 1973. This FAR change incorporates the U.S. Access Board's final rule, "Information and Communication Technology (ICT) Standards and Guidelines," which published on January 18, 2017. EO 13771 Designation: Other

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to implement the National Archives and Records Administration (NARA) Controlled Unclassified Information (CUI) program of Executive Order 13556 of November 4, 2010. As the executive agent designated to oversee the Governmentwide CUI program, NARA issued implementing regulations in late 2016 designed to address Federal agency policies for designating, safeguarding, disseminating, marking, decontrolling, and disposing of CUI. The NARA rule, which is codified at 32 CFR 2002, affects contractors that handle, possess, use, share, or receive CUI. This FAR rule helps to ensure uniform implementation of the requirements of the CUI program in contracts across Government agencies.

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are issuing a proposed rule to address a public comment on the interim rule issued to amend the Federal Acquisition Regulation (FAR) to implement section 1290(c)(3) of the National Defense Authorization Act (NDAA) for FY 2017, which requires an offeror or any of its subsidiaries to certify that it does not engage in any activity that contributed to or is a significant factor in the determination that a country is not in full compliance with its obligations undertaken in all arms control, nonproliferation, and disarmament agreements or commitments in which the United States is a participating state.

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to implement regulatory changes made by the Small Business Administration (SBA), Small Business Mentor Protégé Programs, published on July 25, 2016 (81 FR 48557), regarding joint ventures and to clarify policy on 8(a) joint ventures. The regulatory changes provide industry with a new way to compete for small business or socioeconomic set-asides using a joint venture made up of a mentor and a protégé. The 8(a) joint venture clarification prevents confusion on an 8(a) joint venture’s eligibility to compete for an 8(a) competitive procurement.

This rule would extend requirements of the memorandum and plans to new funding agreements for global health assistance furnished by all Federal departments or agencies. This expanded policy will cover global health assistance to include funding for international health programs, such as those for HIV/AIDS, maternal and child health, malaria, global health security, and certain family planning and reproductive health.

EO 13771 Designation: Deregulatory

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch.137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to implement paragraph (a) of section 839 of the John S. McCain National Defense Authorization Act for fiscal year 2019. Paragraph (a) requires the FAR Council to review each past determination made not to exempt contracts and subcontracts for commercial products, commercial services, and commercially available off-the-shelf (COTS) items from certain laws when these contracts would otherwise have been exempt under 41 U.S.C. 1906(d) or 41 U.S.C. 1907(b). The FAR Council or the Administrator for Federal Procurement Policy has to determine whether there still exists specific reason not to provide exemptions from certain laws. If no determination is made to continue to exempt commercial contracts and subcontracts from certain laws, paragraph (a) requires that revisions to the FAR be proposed to reflect exemptions from those laws. Paragraph (a) requires these revisions to be proposed within one year of the date of enactment of section 839.

EO 13771 Designation: Other

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to implement section 876 of the John S. McCain National Defense Authorization Act for fiscal year 2019, which would provide civilian agencies with an exception to the existing statutory requirement to include price to the Federal Government as an evaluation factor that must be considered in the evaluation of proposals for all contracts. The exception would only apply to IDIQ contracts and to Federal Supply Schedule contracts for services that are priced at an hourly rate. Furthermore, the exception would only apply in those instances where the Government intends to make a contract award to all qualifying offerors, thus affording maximum opportunity for effective competition at the task order level. An offeror would be qualified only if it is a responsible source and submits a proposal that conforms to the requirements of the solicitation, meets any technical requirements, and is otherwise eligible for award.

Legal Authority: 40 U.S.C.121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are proposing to amend the Federal Acquisition Regulation (FAR) to separate the commercial item definition into definitions of commercial product and commercial service. Section 836 of the National Defense Authorization Act (NDAA) for fiscal year (FY) 2019 (Pub. L. 115-232) set the effective date of the new definitions to January 1, 2020. This is consistent with the recommendations by the independent panel created by section 809 of the NDAA for FY 2016 (Pub. L. 11492). This case implements amendment to 41 U.S.C. 103.

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are issuing a final rule to amend the Federal Acquisition Regulation (FAR) to implement 41 U.S.C. 4712, "Enhancement of Contractor Protection From Reprisal for Disclosure of Certain Information," and makes the pilot program permanent. The pilot was enacted on January 2, 2013, by section 828 of the National Defense Authorization Act (NDAA) for fiscal year (FY) 2013. The rule clarifies that contractors and subcontractors are prohibited from discharging, demoting, or otherwise discriminating against an employee as a reprisal for disclosing to any of the entities such as agency Inspector Generals and Congress information that the employee reasonably believes is evidence of gross mismanagement of a Federal contract; a gross waste of Federal funds; an abuse of authority relating to a Federal contract; a substantial and specific danger to public health or safety; or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract.) This rule enhances whistleblower protections for contractor employees by making permanent the protection for disclosure of the aforementioned information, and ensuring that the prohibition on reimbursement for legal fees accrued in defense against reprisal claims applies to both contractors and subcontractors.

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are issuing a final rule to amend the Federal Acquisition Regulation (FAR) consistent with SBA's regulation at 13 CFR 125.2 as finalized in its rule "Acquisition Process: Task and Delivery Order Contracts, Bundling, Consolidation" issued on October 2, 2013, to clarify that overseas contracting is not excluded from agency responsibilities to foster small business participation.

In its final rule, SBA has clarified that, as a general matter, its small business contracting regulations apply regardless of the place of performance. In light of these changes, there is a need to amend the FAR, both to bring its coverage into alignment with SBA's regulation, and to give agencies the tools they need, especially the ability to use set-asides to maximize opportunities for small businesses overseas.

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are issuing a final rule to amend the Federal Acquisition Regulation (FAR) to revise and standardize the limitations on subcontracting, including the nonmanufacturer rule, that apply to small business concerns under FAR part 19 procurements. This rule incorporates The Small Business Administration's (SBA) final rule that implemented the statutory requirements of section 1651 of the National Defense Authorization Act (NDAA) for fiscal year 2013. This action is necessary to meet the Congressional intent of clarifying the limitations on subcontracting with which small businesses must comply, as well as the ways in which they can comply. The rule will benefit both small businesses and Federal agencies. The rule will allow small businesses to take advantage of subcontracts with similarly situated entities. As a result, these small businesses will be able to compete for larger contracts, which would positively affect their potential for growth as well as that of their potential subcontractors.

**263. FEDERAL ACQUISITION REGULATION (FAR); FAR CASE 2017–003;
INDIVIDUAL SURETIES**

EO 13771 Designation: Other

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are issuing a final rule to amend the Federal Acquisition Regulation (FAR) to change the kinds of assets that individual sureties must use as security for their individual surety bonds. This change implements section 874 of the National Defense Authorization Act (NDAA) for FY 2016 (Pub. L. 114-92), codified at 31 U.S.C. 9310, Individual Sureties. Individual sureties will no longer be able to pledge real property, corporate stocks, corporate bonds, or irrevocable letters of credit. The requirements of 31 U.S.C. 9310 are intended to strengthen the assets pledged by individual sureties, thereby mitigating risk to the Government.

264. FEDERAL ACQUISITION REGULATIONS (FAR); FAR CASE 2015–002, REQUIREMENTS FOR DD FORM 254, CONTRACT SECURITY CLASSIFICATION SPECIFICATION

EO 13771 Designation: Not subject to, not significant

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are issuing a final rule to amend the Federal Acquisition Regulation (FAR) to require the use of Department of Defense (DoD) Wide Area Workflow (WAWF) for the electronic submission of the DD Form 254, "Contract Security Classification Specification." This form is used to convey security requirements regarding classified information to contractors and subcontractors and must be submitted to the Defense Security Services (DSS) when contractors or subcontractors require access to classified information under contracts awarded by agencies that are covered by the National Industrial Security Program (NISP). By changing the submittal process of the form from a manual process to an automated one, the Government will reduce the cost of maintaining the forms, while also providing a centralized repository for classified contract security requirements and supporting data.

265. FEDERAL ACQUISITION REGULATION (FAR); FAR CASE 2017–010, EVALUATION FACTORS FOR MULTIPLE–AWARD CONTRACTS

EO 13771 Designation: Deregulatory

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are issuing a final rule to amend the Federal Acquisition Regulation (FAR) to implement section 825 of the National Defense Authorization Act (NDAA) for FY 17 (Pub. L. 114-328). Section 825 amends 10 U.S.C. 2305(a)(3) to change the requirement regarding the consideration of cost or price to the Government as a factor in the evaluation of proposals for certain multiple-award task order contracts awarded by DoD, NASA, or the Coast Guard. At the Government's discretion, solicitations for multiple-award contracts, which intend to award the same or similar services to each qualifying offeror, do not require price or cost as an evaluation factor for the base contract award. This rule will streamline the award of contracts for DoD, NASA, and the Coast Guard because they will not be required to consider cost or price in the evaluation of the award decision. Relieving the requirement to account for cost or price when evaluating proposals for these types of contracts, which feature competitive orders, will enable procurement officials to focus their energy on establishing and evaluating the non-price factors that will result in more meaningful distinctions among offerors.

EO 13771 Designation: Deregulatory

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are issuing a final rule to amend the FAR to implement sections 805, 806, and 1702(a) of the National Defense Authorization Act (NDAA) for FY 2018. Section 805 increases the micro-purchase threshold (MPT) to \$10,000 and limits the use of convenience checks to not more than one half of the MPT amount (i.e., \$5,000). Section 806 increases the simplified acquisition threshold (SAT) to \$250,000. Section 1702(a) amends section 15(j)(1) of the Small Business Act (15 U.S.C. 644(j)(1)) to replace specific dollar thresholds with the terms "micro-purchase threshold" and "simplified acquisition threshold."

Legal Authority: 40 U.S.C. 121(c); 10 U.S.C. ch. 137; 51 U.S.C. 20113

Abstract: DoD, GSA, and NASA are issuing a final rule to amend the Federal Acquisition Regulation (FAR) to increase the Truth in Negotiation Act (TINA) threshold to \$2 million and require other than certified cost or pricing data. The rule reduces the burden on contractors because they would not be required to certify their cost or pricing data between \$750,000 and \$2 million. This change implements section 811 of the National Defense Authorization Act (NDAA) for FY 2018. Section 811 modifies 10 U.S.C. 2306a and 41 U.S.C. 3502.

Effective January 15, 2019, PPIRS was officially retired to conclude its merger with the CPARS. Data from PPIRS has been merged into CPARS.gov, making CPARS the official system for past performance information. This merge simplifies functions such as creating and editing performance and integrity records, changes to administering users and running reports, generating performance records, and viewing/managing performance records. Users will now have one location and one account to perform all functionality.
