Title: Guaranteed Rural Rental Housing Program.

OMB Control Number: 0575-0174.

Expiration Date of Approval: February 28, 2021.

Type of Request: Revision of a Currently Approved Information Collection.

Abstract: On March 28, 1996, President Clinton signed the “Housing Opportunity Program Extension Act of 1996.” One of the provisions of the Act was the authorization of the Section 538 Guaranteed Rural Rental Housing Loan Program, adding the program to the Housing Act of 1949. The program has been designed to increase the supply of affordable Multi-Family Housing (MFH) through partnerships between RHS and major lending sources, as well as State and local housing finance agencies and bond issuers. Qualified lenders will be authorized to originate, underwrite, and close loans for MFH projects. To be considered, these projects must be either new construction or acquisition with rehabilitation with at least \$6,500 per unit.

The housing must be available for occupancy only to low- or moderate-income families or persons, whose incomes at the time of initial occupancy do not exceed 115 percent of the median income of the area. After initial occupancy, the tenant’s income may exceed these limits; however, rents, including utilities, are restricted to no more than 30 percent of the 115 percent of area median income for the term of the loan.

The Secretary is authorized under Section 510 (k) of the Housing Act of 1949 to prescribe regulations to ensure that these Federally-funded loans are made to eligible applicants for authorized purposes. The lender must evaluate the eligibility, cost, benefits, feasibility, and financial performance of the proposed project. The Agency collects this information from the lender to determine if funds are being used to meet the goals and mission of Rural Development. The information submitted by the lender to the Agency is used by the Agency to manage, plan, evaluate, and account for Government resources.

Estimated Number of Respondents: 160.

Estimated Number of Responses per Respondent: 18.3.

Estimated Number of Responses: 2,934.
