

BILLING CODE: 5061-AP

DEPARTMENT OF DEFENSE

Department of the Army

Environmental Impact Statement for Army Training Land Retention at Pōhakuloa Training Area in Hawai'i; Correction

AGENCY: Department of the Army; Defense (DOD).

ACTION: Notice of intent; correction.

SUMMARY: The Department of the Army (Army) published a document in the *Federal Register* of September 4, 2020, concerning its continuing intent to prepare an Environmental Impact Statement to address the Army's proposed retention of up to approximately 23,000 acres of land currently leased to the Army by the state of Hawai'i ("State-owned land") at Pōhakuloa Training Area (PTA) on the island of Hawai'i. The document referenced two in-person comment stations previously associated with the Virtual Scoping Open House to be held Wednesday, September 23, 2020. Now, however, because of the national and local orders and proclamations in response to the coronavirus (COVID-19) pandemic in the United States, including: the County of Hawai'i Mayor's COVID-19 Emergency Rule No. 11 dated August 25, 2020, and the Office of the Governor, State of Hawaii Office Twelfth Proclamation Related to the COVID-19 Emergency dated August 20, 2020, the Army is canceling the in-person comment stations. Only the in-person comment stations will be cancelled; the EIS Scoping Virtual Open House will be held as planned.

FOR FURTHER INFORMATION CONTACT: Mr. Michael Donnelly, PTA Public Affairs Officer, at michael.o.donnelly.civ@mail.mil or (808) 969-2411.

SUPPLEMENTARY INFORMATION:

Correction

In the *Federal Register* of September 4, 2020, in FR Doc. 2020-19620, on page 55263, in the third column, correct the “Supplementary Information” caption to read:

SUPPLEMENTARY INFORMATION: PTA has been used for training as early as 1938, but was not used routinely until 1943. PTA was formally established in 1956 through a maneuver agreement granted by the Territory of Hawai'i. In 1964, the State granted a 65-year lease of approximately 23,000 acres of land to the Army for military purposes. The lease expires on August 16, 2029. The 23,000 acres of State-owned land contain utilities, critical infrastructure, maneuver land, and key training facilities, some of which are not available elsewhere in Hawai'i. The land also provides access to approximately 110,000 acres of adjacent U.S. Government-owned land at PTA. PTA encompasses approximately 132,000 acres of land used for training military personnel for combat. It is the only U.S. training area in the Pacific region where training units can complete all mission essential tasks, and the only U.S. training facility in the Pacific region that can accommodate larger than company-sized units for livefire and maneuver exercises. The U.S. Army Hawaii (USARHAW) and other U.S. military units that train at PTA include the 25th Infantry Division, U.S. Marine Corps, U.S. Navy, U.S. Air Force, Hawaii National Guard, and U.S. Army Reserve. The Army's retention of State-owned land within PTA is needed to enable USARHAW to continue to conduct military training to meet its current and future training requirements. Retention of State-owned land is needed to allow access between major parcels of U.S. Government-owned land at PTA,

retain substantial Army infrastructure investments, allow for future facility and infrastructure modernization, preserve limited maneuver area, provide austere environment training, and maximize use of the impact area in support of USARHAW-coordinated training. To understand the environmental consequences of the decision to be made, the EIS will evaluate the potential direct, indirect, and cumulative impacts of a range of reasonable alternatives that meet the purpose of, and need for, the Proposed Action. Alternatives to be considered, including the no action alternative, are (1) Full Retention, (2) Modified Retention, and (3) Minimum Retention and Access. Other reasonable alternatives raised during the scoping process and capable of meeting the project purpose and need will be considered for evaluation in the EIS. Native Hawaiian organizations; Federal, state, and local agencies; and the public are invited to be involved in the scoping process for the preparation of this EIS by participating in a scoping meeting and/or submitting written comments. The scoping process will help identify potential environmental impacts and key issues of concern to be analyzed in the EIS. Written comments must be sent within 40 days of publication of the Notice of Intent in the Federal Register. In response to the coronavirus (COVID-19) pandemic in the United States and the Center for Disease Control's recommendations for social distancing and avoiding large public gatherings, the Army will not hold public scoping meetings for this action. In lieu of the public scoping meetings, the Army will use other alternative means to enable public participation such as virtual meetings using online meeting/collaboration tools, teleconference, social media, or email, as appropriate. An EIS Scoping Virtual Open House will be held on Wednesday, September 23, 2020 from

4–9 p.m. During the EIS Scoping Virtual Open House, video presentations can be viewed online at <https://home.army.mil/hawaii/index.php/PTAEIS> and oral and written comments will be accepted. Oral comments will be accepted via phone by calling (808) 300–0220. Notification of the EIS Scoping Virtual Open House date and time will also be published and announced in local news media outlets and on the EIS website. For those who do not have ready access to a computer or the internet, the scoping materials posted to the EIS website will be made available upon request by mail. Inquiries and requests for scoping materials may be made to Michael Donnelly, PTA Public Affairs Officer at (808) 969–2411 or by email at michael.o.donnelly.civ@mail.mil.

Brenda S. Bowen,
Army Federal Register Liaison Officer.
