This submission is to seeking to consolidate previously approved collections (OMB Numbers 1122-0003, 1122-0022, 1122-0005, 1122-0006, 1122-0007, 1122-0008, 122-0009, 1122-0010, 1122-0011, 1122-0012, 1122-0013, 1122-0016, 1122-0017, 1122-0018, 1122-0021, 1122-0023, 1122-0024, 1122-0026, 1122-0027, and 1122-0028) under one, new OMB number, so as to align with a new data collection platform that removes OVW's need to have separate and distinct forms for collecting performance data. Per GPRA and subsequent legislation, OMB's *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and OVW's monitoring policies and procedures, OVW requires semi-annual performance reports from its grantees under discretionary programs and initiatives, as well as annual reports from grantees and subgrantees under two formula grant programs. Performance reports collect Congressionally mandated data as well as numeric and narrative information on the grantee/subgrantee's progress toward project goals. There is a great deal of consistency across the current forms in terms of data collected; however; because until now the technology on which OVW's grants management system operated required each data collection to exist as a distinct form, an OMB number was obtained and routinely updated for each form. That system, Office of Justice Programs' Grants Management System, has been retired and a new grants management system, JustGrants, is being implemented in October 2020. The new

system allows OVW to compile a library of performance questions that can be selected and sequenced to match each program's current OMB-approved form. Thus, the requested OMB number is to cover OVW's performance reporting question library, though grantees will only be required to answer a subset of the available questions.

- (5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply: At any given time, there are approximately 3,000 grantees and approximately 3,000 subgrantees subject to the above-mentioned reporting requirements, and there is some degree of overlap among grantees and subgrantees, meaning some organizations have multiple, active OVW awards on which they are required to report. It is estimated that it will take the approximately 6000 grantees and subgrantees 60 minutes to complete an annual or semiannual progress reporting form.
- (6) An estimate of the total public burden (in hours) associated with the collection: The total annual hour burden for OVW grantees and subgrantees to complete the annual or semiannual progress reporting form is 6000.
