SUPPLEMENTARY INFORMATION:

I. Background

EPA is approving changes to APCD Regulation 1.08, *Administrative Procedures*, of the Jefferson County portion of the Kentucky SIP, submitted by the Commonwealth on March 4, 2020. The March 4, 2020, SIP revision makes minor changes to Regulation 1.08 that do not alter the meaning of the regulation, for example, changes to clarify public hearing requirements, and relocation and reorganization of several sections. In addition, other changes strengthen the SIP by removing language exempting certain permitting actions from public hearings. Last, the SIP revision contains changes to sections related to public records to maintain consistency with

the KORA. The SIP revision updates the current SIP-approved version of Regulation 1.08
(Version 13) to Version 14.

In a notice of proposed rulemaking (NPRM) published on July 22, 2020 (85 FR 44258), EPA proposed to approve changes to the Jefferson County portion of the Kentucky SIP, provided on March 4, 2020. The July 22, 2020, NPRM provides additional detail regarding the background and rationale for EPA’s action. Comments on the July 22, 2020, NPRM were due on or before August 21, 2020. EPA received no adverse comments on the July 22, 2020, NPRM.

II. Incorporation by Reference

In this document, EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is finalizing the incorporation by reference APCD Regulation 1.08, Administrative Procedures, Version 14, effective November 20, 2019, which provides clarity, revises provisions related to Board meetings, and maintains consistency with KORA. EPA has made, and will continue to make, these materials generally available through www.regulations.gov and at the EPA Region 4 office (please contact the person identified in the FOR FURTHER INFORMATION CONTACT section of this preamble for more information). Therefore, these materials have been approved by the EPA for inclusion in the State implementation plan, have been incorporated by reference by EPA into the plan, are fully federally enforceable under sections 110 and 113 of the CAA as of the effective date of the final rulemaking of EPA’s approval, and will be incorporated by reference in the next updated to the SIP compilation.2

III. Final Action

EPA is approving the changes to APCD Regulation 1.08, *Administrative Procedures*, Version 14, of the Jefferson County portion of the Kentucky SIP, submitted by the Commonwealth on March 4, 2020. The March 4, 2020, SIP revision updates the current SIP-approved version of APCD Regulation 1.08, Version 13 to Version 14. EPA is approving these changes because they are minor edits to clarify provisions related to public hearing requirements, SIP strengthening by removing an exemption from public hearings for certain permitting requirements, and maintaining consistency with KORA.

IV. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. *See 42 U.S.C. 7410(k); 40 CFR 52.02(a).* Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the CAA. This action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
• Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.);
• Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4);
• Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
• Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
• Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
• Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
• Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

The SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it impose substantial direct costs on tribal governments or preempt tribal law.
The Congressional Review Act, 5 U.S.C. 801 et seq., as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. A major rule cannot take effect until 60 days after it is published in the Federal Register. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by [Insert date 60 days after date of publication in the Federal Register]. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. See section 307(b)(2).
